

0.5% Calcium and 0.25% Magnesium with full micronutrients!

BROMELIAD FERTILIZER

Directions

Watering Can

Add 1 tsp per quart (32 oz) of water.

Spring & Summer

Apply every 1-2 weeks.

Fall & Winter

Apply every 4 weeks.

Leaf Misting (Optional)

Add 1/2 tsp per pint (16 oz) of water.

Spray on leaves. Apply every 1-2 weeks.

Growing Recommendations

Soil

Try a light and porous, well-draining soil with some water retention.

Watering

Moderate to heavy watering, allow soil to mostly dry between waterings.

Lighting

Generally, bromeliads prefer indirect, moderate to bright light.

Specialty Liquid Fertilizer for **Bromeliads**

GUARANTEED ANALYSIS

2-2-3

Total Nitrogen (N)	2.0%
2.0% Nitrate Nitrogen	
Available Phosphate (P ₂ O ₅)	2.0%
Soluble Potash (K ₂ O)	3.0%
Calcium (Ca)	0.5%
Magnesium (Mg)	0.25%
Iron (Fe)	0.01%
Manganese (Mn)	0.005%
Zinc (Zn)	0.005%
Boron (B)	0.0025%
Copper (Cu)	0.0025%
Sulfur (S)	0.125%

DERIVED FROM: ascophyllum nodosum, potassium phosphate, potassium nitrate, calcium nitrate, magnesium nitrate, urea, boric acid, copper sulfate, ferric sulfate, manganese sulfate, zinc sulfate

STORAGE: Store in a cool and dark place (50°F - 80°F). Keep out of direct sunlight.

WARRANTY: We guarantee all TPS products for 12 months from date of purchase. However, useful life is up to 2 years when properly stored. This product is suitable for its intended use as a plant nutrient, not for human or animal consumption. Buyer and user agree to accept all liability associated with handling, use, and disposal of this product.

PRECAUTIONARY STATEMENT: Avoid contact with skin and eyes, if contact occurs, thoroughly rinse affected area for several minutes. If irritation occurs, seek medical attention.
