

2.1% Calcium and 0.75% Magnesium with full micronutrients!

EVERGREEN FERTILIZER

Directions

Watering Can

Add 2 Tbs (30mL) per gallon of water.

Hose End Sprayer

Set dial to 1 oz (30mL) setting.

Spring & Summer

Apply every 1-2 weeks

Fall & Winter

Apply every 4 weeks

Leaf Misting (Optional)

Add 1 tsp per quart (32 oz) of water. Spray on needles/leaves. Apply every 1-2 weeks.

Growing Recommendations

Soil

Try a loose, well-draining soil with some water retention.

Watering

Moderate to high watering, allow soil to mostly dry out between waterings.

Lighting

Generally, evergreens prefer direct, bright light.
