

### Strength for Plants

Silica Gold is a silicon and potassium supplement for plants designed for use in indoor and outdoor growing environments. It is 100% water-soluble and provides immediate silicon for plant uptake. Silicon is known to strengthen stems and increase plant resilience. The other element, potassium, is critical in regulating water flow in and out of plants from the roots to the canopy. Silica Gold works great on all plants!

Shake well before using.

### USAGE INSTRUCTIONS

Use for the entire lifecycle of the plant.

### BASIC

Once a week, add 5-10 mL (1-2 tsp) per gallon of feedwater.

### ADVANCED

With every watering, add 2-4 mL (0.4-0.8 tsp) per gallon of feedwater. Scan below for detailed feedcharts.

Recommended pH: 5.5 - 6.8

# SILICA FOR PLANTS

### GROW TIP!

Silica Gold is best added first to your feedwater before other nutrients, this helps increase bio-availability.

### GUARANTEED ANALYSIS

0 - 0 - 1.3

Soluble Potash (K<sub>2</sub>O).....1.3%

DERIVED FROM: potassium silicate

### CONTAINS BENEFICIAL SUBSTANCES:

Soluble Silicon (Si).....3.0%

**STORAGE:** Store in a cool and dark place (50°F - 80°F). Keep out of direct sunlight.

**WARRANTY:** We guarantee all TPS products for 12 months from date of purchase. However, useful life is up to 2 years when properly stored. This product is suitable for its intended use as a plant nutrient, not for human or animal consumption. Buyer and user agree to accept all liability associated with handling, use, and disposal of this product.

**PRECAUTIONARY STATEMENT:** Avoid contact with skin and eyes, if contact occurs, thoroughly rinse affected area for several minutes. If irritation occurs, seek medical attention.
