

Connexus Expansion

Expansion Kits for Connexus Perimeter offer an efficient and cost-effective way to add training capacity and accommodate as many group or circuit training stations as your space allows. Trainers can create a circuit of unique stations or a small group training area where multiple individuals can perform the same exercise at the same time. With our Expansion Kit, it's easy to reimagine your functional training offering as your needs change and popularity grows.

- Kit anchors directly to Perimeter unit or another expansion kit to maximize training opportunity and optimize space and functionality
- Enables you to create a circuit of unique stations or a small-group training area where multiple individuals can perform the same exercise at the same time
