

Ultra Converging Shoulder Press

G7-S23-AS2007

The Ultra Converging Shoulder Press provides a powerfully comfortable solution for building and toning deltoids. Independent converging movements provide a natural path of motion. Dual-position hand grips allow for greater training variety, and counterbalanced pressing arms provide reduced starting resistance. It even includes a reclined seat position to encourage better posture and provide back support.

Also available in [Ultra Base option G7-S23B](#).

- Independent converging arm movements provide a natural path of motion and increased exercise variety
- Dual-position hand grips allow for greater training variety
- Action Specific Grips provide greater comfort and minimal point pressure
- Counterbalanced pressing arm provides optimal starting resistance
- Reclining seat position allows for better posture and back support
- The optional Intelligent Training Console features Endurance, Build and Strength programs to give members a guided training experience specific to their goals

INTELLIGENT TRAINING CONSOLE (OPTIONAL)
