THE ART OF OLIVE WOOD

Olive wood radiates the warmth and richness of a Mediterranean grove. A hardwood, it is sustainable and long-lasting. Our olive wood hails from Tunisia and is responsibly sourced from the non-producing branches of olive farms. Sun-ripened grain patterns move deliciously through each piece, making each bowl, tray or spoon a unique, one-of-a-kind addition to the home.

Bring the warmth and enduring appeal of the olive grove to the table with our Danica Heirloom olive wood serveware.
