

Löwenzahn Organics

Organic Goat Follow-on Milk 6+

- ✓ EU organic certified
- ✓ For babies over 6 months old
- ✓ Easily digestible
- ✓ With prebiotic fiber GOS (galacto-oligosaccharide)
- ✓ With DHA* (Omega-3) from algae oil and ARA (Omega-6)
- ✓ Without palm oil
- ✓ Without fish oil
- ✓ Without GMO
- ✓ EU compliant recipe developed according to regulation (EU) 2016/127
- ✓ Certified by German inspection body: DE-ÖKO-006

*required by EU law for follow-on formula

Preparation

1. Boil fresh drinking water and let it cool down to approx. 40-50°C / 104-122°F.

2. Pour half of the required amount of water into the bottle.

3. Add the amount of baby formula powder into the bottle according to the dosage table. Fill the scoop and level it off.

4. Close the bottle and shake vigorously.

5. Add the remaining amount of water and shake well.

6. Check on the inside of your wrist for drinking temperature before feeding (approx. 37°C / 98.6°F).

Drinking quantity and dosage

| Age of the child | Per feed | | | Bottles per day |
|------------------|----------------------------|-------------------|-----------------------------|-----------------|
| | Boiled drinking water (ml) | Number of scoops* | Ready-to-drink formula (ml) | |
| after 6th month | 150 | 5 | 165 | 2 - 4** |
| | 180 | 6 | 200 | |
| | 210 | 7 | 230 | |

*One levelled scoop equals 4.4 g of formula powder

**Babies need about 5 meals a day. With each newly introduced complementary meal, a bottle feeding should be skipped.

Standard solution: 13.2 g formula powder + 90 ml boiled drinking water = 100 ml ready-to-drink baby formula

¹ 100 ml ready to drink formula: 13.2 g powder + 90 ml water ² GOS = galacto-oligosaccharide

Ingredients

whole goat milk powder* 38.3%, lactose* (from milk**), vegetable oils* (sunflower oil*, rapeseed oil*), galacto-oligosaccharides* (from milk**), starch*, calcium carbonate, microalgae oil from *C. cohnii* (contains milk**), tri-sodium citrate, oil from *Mortierella alpina* (contains milk**), L-cystine, calcium hydroxide, vitamin C, L-tryptophan, L-tyrosine, sodium chloride, iron lactate, zinc sulfate, vitamin E, niacin, pantothenic acid, copper sulfate, Vitamin A, vitamin B1, vitamin B6, folic acid, vitamin B2, manganese sulfate, potassium iodide, sodium selenite, vitamin K1, vitamin D3, biotin, vitamin B12

* from organic farming

** cow's milk

† sunflower oil contains linoleic acid, rapeseed oil contains both linoleic and α-linolenic acid

Preparation and storage instructions

- Please follow the preparation and dosage instructions exactly. The correct dosage ratio will always give your baby the nutrients it needs. Improper preparation or storage can lead to adverse health effects due to the growth of undesirable germs.
- Freshly prepare each feed and feed baby immediately. Do not re-use any excess. Always thoroughly clean the bottle, teat and ring.
- Always close the opened package tightly, store in a dry place and use within 2 weeks.
- Protect against heat. Store the measuring spoon clean and dry.
- Use only the enclosed measuring spoon for preparation.
- Never heat baby formula in the microwave (overheating hazard).

IMPORTANT NOTE

Breast milk is the best food for your baby. We encourage you to exclusively breast-feed for the first six months of life. This is also the recommendation of the World Health Organization (WHO).

International shipping via our online store is only for private customers.
