# Welcome to Bord Products

As one of Australia's leading commercial panel product suppliers, we source only the best timber veneers, plywood, laminates, substrates, and specialty products from across the globe.

Since 2014, we've become a key supplier to leading architects, designers, joiners, shopfitters, cabinet makers, furniture manufacturers, and builders Australia wide. The reason is simple – we supply the highest quality product, on time, and on specification.

Whether you're looking for two or 2,000+ panels for your next project, we'd love to welcome you as a customer of Bord.

This brochure is a collection of some of our most popular products. To learn more about each product or to view our entire range visit [bord.com.au](http://bord.com.au).

#### IMPORTANT INFORMATION ABOUT NATURAL COLOUR VARIATIONS

As is the nature of natural and batch manufactured products, plywoods and veneers from the same species can vary greatly in colour and pattern. While we have made every attempt to display each product accurately, product images should be used as a general reference only.

If you need an exact match, please contact our sales team to arrange a batch control sample. For the highest consistency, we recommend ordering all panels for a project at the same time.

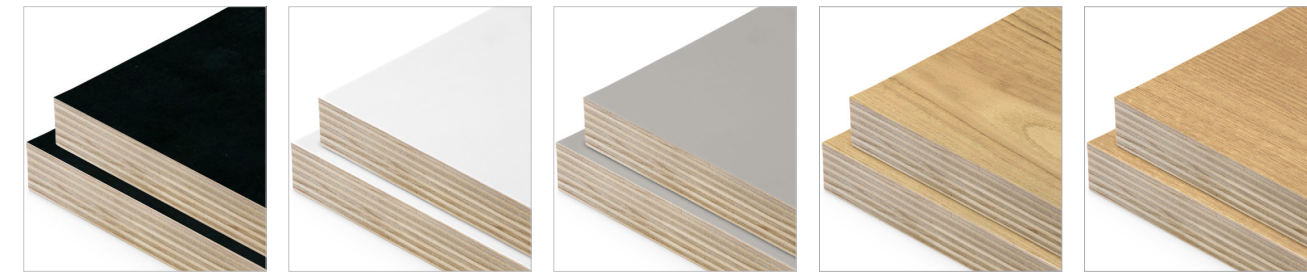

## PLYWOOD

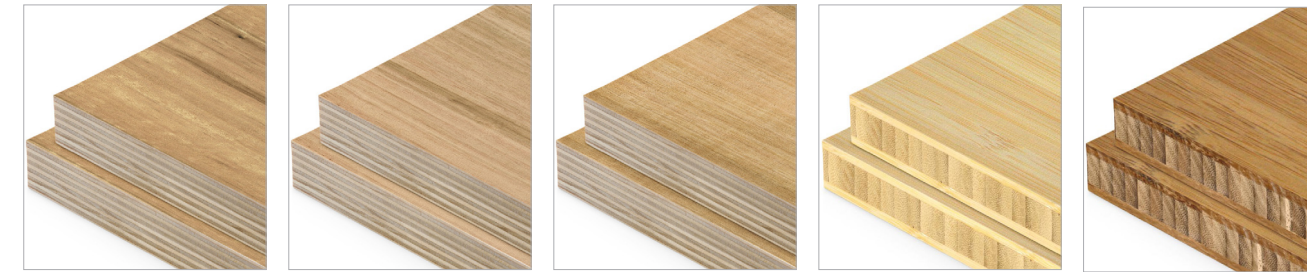

Birch Plywood   Hoop Pine A/C   B/C Structural   C/D Structural   Fire Rated Plywood

Bending Plywood   Lightweight Interior   Imported Marine Ply BS1088   Hardwood BB/CC   Formply

Black Film Face Birch Plywood   White Film Face Birch Plywood   Grey Film Face Birch Plywood   American Oak on Birch Plywood <sup>C</sup>   American Oak on Birch Plywood <sup>1/4</sup>

Blackbutt NFG on Birch Plywood <sup>N</sup>   Blackbutt on Birch Plywood <sup>1/4</sup>   Tasmanian Oak on Birch Plywood <sup>1/4</sup>   Natural Bamboo   Carbonised Bamboo

Multi Bamboo   OSB

#### CUTS

- <sup>C</sup> Crown
- <sup>1/4</sup> Quarter
- <sup>N</sup> Natural

## RECON VENEER

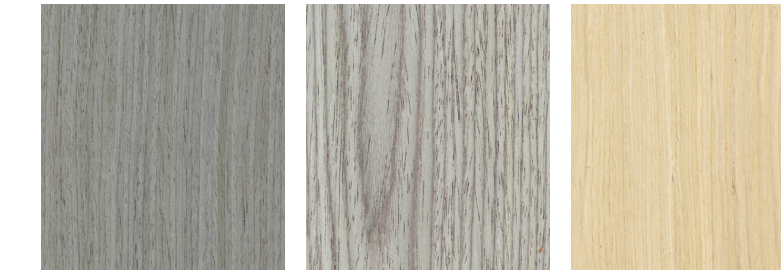

Arezzo   Black Gold   Bleached Oak

Bouchon   Corsican Walnut   Crema

Intense Cocoa   Luca   Silver Oak

Smoke Stack   Stone Wash   Verdi

#### PLEASE NOTE

Reconstituted Veneers can change colour over time, this is particularly relevant for grey tones. UV inhibitors must be used during the polishing process to reduce the likelihood of colour change.

## SUBSTRATE

Raw MDF   Moisture Resistant MR MDF

LDF Low Density Fiberboard   Fire Rated Group 2 MDF

Ultra HMR MDF No Formaldehyde   Black Core MDF

HMR Particleboard   Birch Ply Substrate
