

### Honeywell Spectraknight Gloves Cut 5 with PU Palm Coating

Honeywell Spectraknight Gloves Cut 5 with PU Palm Coating provides durable hand protection and supreme cut resistance, without sacrificing dexterity. These 13 gauge gloves are made from a knit of Spectra, polyamide, composite fibre and elasthane, and offers a polyurethane coated palm and fingertips for increased grip, cut, puncture and abrasion resistance.

- Seamless knit construction eliminates uncomfortable seams that can rub, tear or chafe
- Open back configuration provides superior ventilation
- Ergonomically correct design conforms snugly to the natural shape of the hand, increasing comfort and reducing hand fatigue
- Colour coded edge allows for easy sorting after laundering
- Polyurethane palm provides cut, puncture and outstanding abrasion resistance
- Made with a patented dipping process which provides superior fit, dexterity and durability

Medium	GGLOVESPEC508
Large	GGLOVESPEC5-L

**Applications:**

- Construction
- Recycling
- Lumber and mill work
- Glass handling
- Sanitation
- Metal Sheet handling
- Automotive Sub Assembly
- Landscaping
- Paper Treatment

**Coating:** Polyurethane (PU)

**Weight:** 13-gauge

**Shell:** Spectra, Polyamide, Composite Fibre, blend

**Laundering:** Water wash in water no hotter than 40°C with neutral laundry detergent, hang dry, do not use bleach, do not dry clean, do not launder gloves that have been in contact with toxic chemicals

**Standards:** EN388

**Scores:**

- Abrasion Resistance: 4
- Cutting Resistance: 5
- Tear Resistance: 4
- Perforation Resistance: 3

### Honeywell Workeasy Polytril Nitrile Nylon Gloves

This sandy finish nitrile glove offers workers excellent dexterity and superior tactile sensitivity. Suited for work requiring precision handling, this glove range is made from low linting filament fibres.

- Synthetic and low linting
- Seamless knit construction eliminating uncomfortable seams
- Lightweight knit enhancing ventilation to keep hands cool and dry
- All black nylon product does not show up dirt and grime
- Sandy 100% Nitrile coating absorbs oil and grease, ensuring a firm grip
- Palm dip helps to reduce hand fatigue and offers a better fit, and is more comfortable to use for long periods
- High tensile strength fibre offering excellent dexterity

## Sundström SR100 Half Mask

This mask is equipped with two exhalation valves, ensuring very low exhalation resistance. The valves effectively protect the exhalation membrane against dust and paint mist. The adjustable elastic head harness straps are designed as a V-shaped loop which provides a comfortable and safe fit. The mask can be used as a filtering device with filters or in combination with the SR307 compressed air attachment which then serves as a breathing apparatus with continuous flow for connection to a compressed air supply. A pre-filter holder is supplied.

**Kit includes:**

- 1 x SR100 Silicone Half Mask
- 1 x A1 (217) Filter
- 1 x P3 Particle Filter
- 1 x 221-1 Pre Filter
- 1 x Pre Filter Holder
- 1 x Face Fit Black Test Disc
- 1 x Cleaning Napkin
- 1 x Clear Storage Container

Size	SKU
S/M	GMASK171-05466
M/L	GMASK171-05465

## Sundström SR100 Pro Kit

The SR-100 is designed for hard work during extended periods. Use it for the most demanding situations. The SR-100 is a silicone mask with a soft broad nose fit & deep chin cup. The new exhalation valve design creates an internal airflow that prevents particles from reaching the valve seat.

**Primary Material:** Thermoplastic Elastomer (TPE)

**Standards/Approvals:** AS/NZS 1716:2012 Respiratory protective devices

**For use with:**

- Use with filters, PAPR or supplied air
  - Accepts all Sundström filters and compressed air attachments
- Can be used with:** Smalltalk microphone, loudspeaker

Size	SKU
Small	GMASK101-05881
Medium	GMASK101-05882
Large	GMASK101-05883

## Sundström SR900 Half Masks

The SR900 system can be customised depending on site requirements. The respirator can be easily configured for filters, PAPR, supplied air, or as a remote filter holder mounted on the waist belt.

- Deep chin cup and broad nose rim
- Two exhalation valves
- New valve caps with air diffusion (no clogging)
- Continuous head strap or cradle harness
- Detachable filter holder allows direct hose attachment
- Choose between single or twin breathing hose
- Remote filter holder allows waist-mounted filter
- Shallow profile - ideal for welding hoods

**USE WITH PAPR FOR AIR-FED OPTION**

**Kit includes:**

- 1 x SR900 Mask (Medium Size)
- 1 x A1 (217) Gas Filter
- 1 x P3 Particle Filter (SR510)
- 5 x 221-1 Pre Filter
- 1 x Pre-Filter Holder
- 1 x Cleaning Napkin
- 1 x Clear Storage Container

See page 90 for filters

## Sundström SR900 Basic Pack

**SKU: GMASK171-06152**

SR 900 is a completely new system where the user can easily customise the product based on site requirement and needs. The respirator can be configured for filters, PAPR, supplied air, as well as a remote filter holder mounted on the waist belt.

**SR221 Pre Filters**  
SKU: GMASKFI221

**SR510 Particle Filter (P3)**  
SKU: GMASKFIP3

**217 Organic Gas Filter (A1)**  
SKU: GMASKFIA1

**Kit includes:**

- 1 x #7500 Half Mask
- 1 x Pair #2000 P2 OV Filter Pads
- 2 x Cleaning Wipes
- 1 x Resealable Storage Case

## YHS Half Mask Welders Kit

**SKU: GMASKHMMWKITSS**

The YHS 7500 Half Mask is made of lightweight silicone and a large exhalation valve to reduce fogging.

### YHS Half Mask Painters Kit

SKU: GMASKHMPKITSS

Made from lightweight silicone and is used with A1P2 combination filters.

- Fully adjustable
- Lightweight
- Even weight distribution
- Clear vision

**Materials:** Silicone  
**Standards/Approvals:** AS/NZS1716  
**Use:** For organic vapours & odours from spraying, mixing, paint & mould removal and particles  
**Includes:**

- 1 x #7500 Half Mask
- 1 x Pair #701 A1 + #7N11 P2 Filter pads
- 1 x 2 Pair #7N11 spare P2 Filter Pads
- 2 x Cleaning Wipes
- 1 x Resealable Storage Case

### YHS Full Face Painters Kit

SKU: GMASKFFSPKIT

Contains the YHS FFS680 Full Mask which is made of lightweight silicone and a large anti-fog, anti-scratch visor for clear vision.

- 4 point harness
- Lightweight
- Anti-fog
- Large exhalation valve

**Materials:** Silicone  
**Standards/Approvals:** AS/NZS1716  
**Use:** For organic vapours & odours from spraying, mixing, paint & mould removal and particles  
**Includes:**

- 1 x #FFS680 Full Face Mask
- 1 x Pair #701 A1 + #7N11 P2 Filter Pads
- 10 x Visor peel off overlays
- 2 x cleaning wipes
- Resealable storage case

### Anest Iwata AF2100 Airfed Mask

SKU: GMASKAF2100

A Class LDH3 safety mask which provides protection factor of 200 times the occupational exposure limit. All Anest Iwata air fed masks are fitted with double action safety couplings to prevent accidental disconnection of the air feed line to the mask.

**Standards/Approvals:** AS/NZS1716  
**Includes:**

- Full Face Airfed Mask
- Belt
- Regulator
- Filter
- Nape Cover
- Storage bag

### Anest Iwata AF2109 Airfed Mask

SKU: GMASKAF2109

- Fitted with double action safety couplings to prevent accidental disconnection of air feed line
- Replaceable visor cover allows a panoramic view
- The floating headband has four adjustment points, with front and rear adjustment
- Face seal & sweat band are replaceable for hygiene
- A visual air supply indicator allows the user to ensure that air is being supplied at all times
- The belt has a pliable bracket that moulds to body contour and has a quick release buckle
- Neck and shoulder cover provides full protection

**Standards/Approvals:** AS/NZS1716  
**Includes:**

- AF2100 full face breathing mask kit
- AFBH10R air breathing hose 10m with QR fittings
- Nape Cover
- Storage Bag
- 1.2 metre flexible gun whip hose with ultra light fittings

**Safety:**

- The OH&S Act clearly states breathing air quality and PPE as an employer responsibility
- Waist belt and air regulator meets AS/NZS1716 standards
- Compliant 10 metre AFBH10R Air breathing hose, use wherever breathable quality air is supplied
- Class LDH3 safety device provides protection of 200 times the occupational exposure limit

### DeVilbiss ProVISOR 650 Air Fed Respirator & Waistbelt

SKU: GMASKPROV-650

The DeVilbiss Pro Visor is designed for sprayers in non electrostatic applications. Safety and comfort in the spray booth, with freedom of movement.

Disperses breathing air gently around the visor at a positive pressure with no misting or discomfort. The wrap around visor provides excellent and much wider peripheral vision, whilst the removable peak reduces glare from spray booth lighting. There is also plenty of space inside the helmet for spectacle wearers.

**Features:**

- Comfortable and lightweight air fed visor outfit
- Fully adjustable head band for best operator comfort
- Removable peak reduces spray booth light glare
- Lightweight, Ergonomic waist belt can be used on the right or left side
- Wider peripheral view for excellent visibility
- Audible warning device alerts operator to low air pressure
- Removable and washable anti-static shroud

**Kit includes:**

- Visor
- Auxiliary air hose
- Waistbelt and filter
- 7.5 m air hose with fittings and a two person combination filter set, including airline fittings

**Standards/Approvals:**

AS/NZS 1716:2012 License No:1481

**Hazards:**

- Airborne Particulates
- Contamination
- Gas, Vapors, Smoke

**Weight:** 9.2 kg

## Honeywell Spray Painter's Kit

**SKU: GMASKDCF-100SPW**

A respiratory system that cools the face, reduces fogging and is ideal for applying two-pack paint. These Air Respirators are the proven safety solution when you need clean, compressed air.

Includes an air visor for the best protection and comfort, durable enough to meet demands of today's industrial environments. Also included - an auxiliary hose for a spray gun or air tool, a waistbelt with tamper proof air flow regulator and carbon filter.

**Material:** Natural rubber

**Inhalation:** Approx. 10 Pa at 30 l/min (EN standards requirement: <50 Pa)

**Exhalation:**

Approx. 56 Pa at 160 l/min (EN standards requirement: <300 Pa)

**Standards/Approvals:**

AS/NZS 1716:2012

**For use with:** PAPR SR500 Fan unit

**Weight:** Approx. 450 g

**Can be used with:**

- Can be fitted with optional SmallTalk microphone and loudspeaker
- Accepts all Sundström filters and compressed air attachments, as well as PAPR

## Sundström SR200 Full Face Respirator

The Sundström SR200 full face respirator provides very high protection at heavy-duty work for extended periods. The respirator offers added eye and face protection, and a higher protection factor than half masks. Use with filters, supplied air, or Sundström PAPR.

USE WITH PAPR FOR AIR-FED OPTION

- Very high protection factor (NPF 2000)
- Two exhalation valves
- Valve caps with air diffusion (no clogging)
- Curved visor for wide/deep field of vision
- Part of inhalation air is channelled across the visor to minimise mist forming

Visor	Head Harness	SKU	Price

**Standards/Approvals:**

AS/NZS 1801:1997 Occupational protective helmets

**For use with:**

- PAPR SR500 Fan Unit
- SR507 Air Attachment

**Features:**

- Protects the breathing zone
- Protection from high-impact particles, liquid splashes and molten metal
- Air flow keeps visor mist-free
- Adjustable head harness
- Replaceable breathing hose
- Exhalation valve
- Optional peel-off visor film
- Standard fastener for ear muffs
- Protection from high-impact particles, liquid splashes & molten metal

## Sundström SR580 Supplied-Air Helmet & Visor

**SKU: GMASK195-05520**

The SR 580 together with the battery-powered SR 500 or SR 500 EX fan and approved filters are included in the Sundström fan-assisted respiratory protection device system.

The breathing hose of the helmet with visor can be connected directly to the fan, equipped with filters.

The SR 580 can also be used with the SR 507 supplied air regulator in order to be connected to any compressed air supply.

## Honeywell Mach 1 Noise Blocking Earmuff

**SKU: GACC1010421**

The Mach 1 is an economical choice for basic hearing protection in short-term work situations. Mach 1's adjustable headband fits any head size, while its super-lightweight dielectric construction provides adequate protection.

**Dielectric:** Yes  
**Earcup Color:** Red  
**NRR:** 18  
**SNR:** 23  
**SLC80:** 22 dB / Class 4

**Features:**

- Economical design delivers adequate protection at a low cost
- Extremely lightweight construction provides all-day comfort
- Dielectric construction suitable for all workplaces, especially electrical environments

## Honeywell Clarity C2 Multi-position Earmuff

**SKU: GACC1011145**

The Clarity Sound Management technology improves worker safety by blocking noise, while voice and signal frequencies can be heard more naturally. It provides uniform attenuation that allows speech frequencies to be heard with less distortion - combating worker isolation and overprotection on the job. Plus, Clarity's robust non-deforming dielectric design withstands use and abuse.

**SNR:** 30 dB  
**H:** 30 dB **M:** 29 dB **L:** 25 dB

**Materials:**

- Plastic [or Dielectric] earmuff
- LDPE, POM, PA, EPDM, PP, PUR-E, PVC

**Batteries Needed:** None

**Weight:** 208 g

**Headband Style:** Multiple-Position

- Blocks noise while voice, signal, alarm and high frequencies can be heard
- Wear as an over-the-head, behind-the-head or under-the-chin earmuff
- Can be worn with visors, face shields, respirators and welding shields
- Headband strap provides security
- Height adjustment remains fixed

## Honeywell Sync Stereo Earmuff

**SKU: GACC1030110**

Provides high level of hearing protection, high-fidelity sound, and allows you to listen to portable audio devices safely at work and at home. Sync has no volume knob or power switch to fiddle with, and no batteries to replace, so users can just plug in and go!

**Materials:** PVC, Polypropylene  
**Ear Cushion:** PVC / Polypropylene  
**Hygiene Kit:** Part # 1030220  
**Headband force:** 9.5 N  
**Weight:** 255.17 g

**Features:**

- Reinforced fork slides with handholds
- AUX input
- Includes 3.5 mm cable
- Breathes easier in warm climates
- Robust construction
- Telescoping height adjustment for personalised comfort

## Honeywell Sync Digital Earmuff

**SKU: GACC1030330**

The SYNC Radio earmuff has a built-in full-stereo FM and AM radio. It allows you to listen to radio-reception in the FM-band between 87,5 and 108 MHz and in the AM-band between 520 and 1710 kHz, while still protecting your hearing in an efficient and comfortable way.

**SNR:** 29 dB  
**H:** 29 dB **M:** 27 dB **L:** 23 dB  
**Batteries Needed:** 2AA  
**Battery Autonomy (hrs):** 111  
**Weight:** 0.37 kg  
**Headband Style:** Over-Head  
**Automatic Shut-Off Function:** Yes  
**Audio Input Jack:** Yes

## Honeywell Sync Wireless Earmuff

**SKU: GACCRWS-53017**

Answer calls or stream information from your mobile phone via Bluetooth when working in a noise. The earmuff provides high passive noise attenuation SLC80 of 31 dB. The device's sleek, ergonomic design makes operation simple, with volume control buttons and flashing lights to indicate different settings.

**Dielectric:** No  
**Earcup Color:** Black  
**Battery:** 2 AA included  
**SNR:** 29

**Key Features:**

- Connectivity to Bluetooth device
- Boom microphone with windsock for voice clarity in high-noise
- Lithium Ion battery featuring 16+ hours of battery life while streaming
- Volume control buttons
- High passive attenuation SLC80
- Includes USB cord and wall charger

**Materials:** Plastic

### GPI Safety Goggles

**SKU:** GACCMGOG

Safety is important in the workplace. Protect your eyes from hazardous dust and chemicals.

**Lens Material:** Polycarbonate  
**UV Protection:** Absorbs 99.9% UV protection for UV A, B and C  
**Standards/Approvals:**  
 • AS/NZS1337.1:2010  
 • Lic N° SMKH 21726  
 • Medium Impact and High temperature  
**Weight:** 21.6 g

### Honeywell A700 Safety Glasses - Clear Anti-Fog

**SKU:** GACC1015360AN

The A700 series Safety Glasses combine sports style with high protection standards and comfort. The lightweight wraparound 9-base lens design provides substantial coverage and a distortion-free 180 degree field of vision.

- Universal nose bridge and soft temple tips for all-day fit and comfort
- 100% Dielectric Design
- Hard coat reduces scratches and helps extend lens life
- Anti-fog coating provides optimal visual clarity in humid environments
- Lens tint options are available to meet the needs of most work environments.

**Lens Material:** Polycarbonate  
**UV Protection:** Absorbs 99.9% UV radiation up to 385 nm  
**Hazards:** Abrasion, Impact, Regulations  
**Standards/Approvals:**  
 AS/NZS 1337.1 - Approved to AS/NZS 1337.1 for Medium Impact  
**Weight:** 30.9 g

### Honeywell Hypershock Eyewear

Hypershock eyewear delivers the ultimate combination of high-performance protection and aggressive sport inspired styling. The full frame design offers medium impact protection, with streamlined padded temples and a molded nose piece for a secure, comfortable fit.

- Provides a high level of comfort and exceptional fit whilst delivering high performance protection
- Lightweight, wrap-around frame is engineered to provide increased coverage, side protection and superior peripheral vision
- 100% dielectric. Can be worn in environments where accidental exposure to electrical charge is possible

Colour	Description	SKU	Price

### Trafalgar Flammable Liquid Storage Cabinets

Proudly made in Australia, in accordance with Australian Standards and comply with AS 1940-2017. Patented concealed 'Stay-Open' double door design makes loading and unloading dangerous chemicals safer and easier.

**Suitable for:**

- Petrol and petroleum derivatives
- Adhesives
- Printing inks and solvents
- Paints and solvents
- Any Class 3 liquids

**Features:**

- Patented 'Stay-Open' double door
- Concealed, self closing doors
- Recessed handle with key lock
- Continuous piano hinges

Size	Capacity	SKU	Price
1830 mm x 1120 mm x 520 mm	250 litres / 9 drums	GEQTCFLS250L

### Spill Station Spill Kits

- Highly visible, clearly labelled package
- Suitable for a large range of environments
- Contains materials for dealing with spills

**Applications:**

- Diesel, motor oil, petrol, coolant
- Non-aggressive water-based chemicals
- Solvents
- Workshop chemicals

Name	Size	Description	Includes	SKU	Price
 <p>General Purpose - 32 litres</p>		A compact 32 litre general purpose spill kit which is lightweight enough for transport. ## Air Intake Final Filter

**SKU: GBOOTHFIV600G**

**CUT TO SIZE - CALL OFFICE FOR QUOTE**

Especially designed for the final intake air filtration for the ceiling fine filter in paint-spray systems and booths. They are also suitable in any kind of fine filtration of ventilation systems and units.

The fibres are thermal bonded and adhesive activated. The clean air side is strengthened with a polyester woven fabric. Free of silicone - paint agreeable.

**Material:** Glass fibre  
**Colour:** Green / white  
**Size:** Cut to size

**Features:**

- Paint enduring
- Free of silicone
- Colour coded on the air entering side
- Suitable for spray booths

## Exhaust Filter

**CUT TO SIZE - CALL OFFICE FOR QUOTE**

These glass filtration exhaust filter mats are especially designed for paint overspray arrestance in paint-spray systems and booths in the automobile production and painting industry (e.g. furniture, windows, machine parts).

The material composition is made up of high performance glass fibre media, continuous bonded, arranged in a stratified formation with form elastic matrix structure and is progressive mounted.

**Size:** H 90 x L 924 cm

## Andreae Booth Filters

**SKU: GBOOTHFIACF**

Andreae filters are designed to capture any wet solids or liquid particles in an air stream: high solid enamels, baked and air dried enamels, glues, oils, stains, lacquers, fiberglass, epoxies, asphalts, clear coats, tar, teflon, etc.

The v-shaped front wall prevents overspray bounce back and particle migration.

The deeper v-shape back wall captures overspray and deposits it outside of the airflow.

The filter exhaust holes are positioned to maintain constant airflow during the loading phase.

Static pressure increases slowly with the accumulation of overspray resulting in uniform airflow.

Cleaning with or using organic solvents e.g. toluene, xylene and MEK and degreasing, mixing, using paint thinner, lacquers and glues	
GMASKFI3M6057  ORDER ME IN 2 PACK	6057	A1B1E1	<ul style="list-style-type: none"> <li>• 6000/7500 Series Half Face Respirator: for airborne concentrations up to 10 times the WES or 1000 ppm, whichever is lower</li> <li>• 3M 6000/7800 Series Full Face Respirator: 50 x WES or 1000 ppm, whichever is lower</li> </ul>	Acid Gases, Inorganic vapours and acid gases, Organic Vapours bp>65°C	Working with solvents and/or acid gases, e.g. Toluene, chlorine, sulphur dioxide and hydrochloric acid	
GMASKFI3M6059  ORDER ME IN 2 PACK	6059	A1B1E1K1	<ul style="list-style-type: none"> <li>• 6000/7500 Series Half Face Respirators</li> <li>• 3M 6000/7000 Series Full Face Respirators</li> </ul>	Organic Vapours (boiling point > 65°C) Inorganic & Acid Gases, Ammonia and Methylamine (A1B1E1K1)	Working with chemicals such as organic vapours, chlorine, hydrogen chloride, sulphur dioxide, hydrogen fluoride, hydrogen sulphide, ammonia, methylamine, and formaldehyde	

**Gas & Vapour Protection:** Solid and liquid particles  
**Use with:** 3M 6000/7500 Series Half Face Respirators and 3M 6000/7000 Series Full Face Respirators  
**Pack Size:** Pack of 2

## 3M Particulate Filter

- Solid top design reduces the chance of premature caking, clogging, or soiling with dirt, grime, water or dust
- Protective casing aids decontamination practices
- Temperature resistant cover protects filter media from heat, sparks or physical damage
- Patented bonded web technology has more surface area than many standard filters which helps lower breathing resistance making it more comfortable to use
- 3M Bayonet Connection System ensures precise and secure locking
- Low profile and well balanced twin filter design

SKU	Name	Rating	Protect against	Price
GMASKFI3M6035  2 PACK	6035	P2/P3	<ul style="list-style-type: none"> <li>• Certain particles, dusts, mists and fumes such as sanding, grinding, cutting, drilling metal, masonry, wood and concrete</li> <li>• Carrying out lead or mould remediation, some asbestos</li> <li>• Deflect sparks, splashes</li> </ul>	
GMASKFI3M6038  2 PACK	6038	P2/P3 HF	<p>Particulates, Hydrogen Fluoride, Nuisance* Level Organic Vapours and Acid Gas (P2/P3** HF). The protective casing helps deflect sparks and splashes of liquid. The casing also assists in environments where decontamination is required.</p> <p>* Nuisance Levels are those levels below the Workplace Exposure Standard (WES).            ** Higher P3 protection factors only achieved with a 3M Full Face Respirator, otherwise P2 protection level when worn on a 3M Half Face Respirator.</p>	

**Features:**

- Excellent filtration efficiency over extensive period of time
- Lower profile and lightweight
- Does not obstruct the field of vision
- Threaded connector is easy to attach

**Temperature range:** -10°C/+40°C

**Maximum humidity:** 90% RH

**Life Cycle:** 6 years

**Certifications:**

- Quality Assurance ISO 9001 / 2000
- EN 2259

**Dimensions:** 80 x 50 mm

**Weight:** 99.6 g

**Pack Size:** Pack of 6

## Honeywell Class 1 Plastic Cartridge (A1B1E1K1)

**SKU: GMASKFIN06575009L**

The A1B1E1K1 cartridge is part of the wide choice of cartridges offered to protect against many hazardous gases, vapors in many applications.

The Honeywell range provides high quality and a cost-effective protection. The cartridges of class 1 Honeywell range are tested against the European standards EN14387.

**BULK PRICES AVAILABLE**

**Features:**

- Lower profile and lightweight
- Optimal comfort
- Does not obstruct the field of vision
- Easy to attach
- Small opening allows for easy check up

**Temperature range:** -10°C/+40°C

**Maximum humidity:** 90% RH

**Certifications:**

- Quality Assurance ISO 9001 / 2000
- EN 14387

**Pack Size:** Pack of 6

## Honeywell Plastic cartridge A2

**SKU: GMASKFIN06575001A2**

The Honeywell Plastic cartridge A2 is part of the wide range of cartridges offered to protect against many hazardous gases, vapors and/or particulates in many applications.

The Honeywell range provides high quality and a cost-effective protection. The cartridges of Honeywell range are tested against standard EN14387.

**6 PACK**

**BULK PRICES AVAILABLE**

**Protection Type:** Particulate

**Protection Level:** P2

**Material:** Glass fiber

**Industries:**

- Chemical Industries
- General Industry

## Honeywell Pre-filter (P2)

P2 prefilter for class 1 twin plastic cartridges. Used in conjunction with Honeywell gas filters where particulate protection is required.

Pack Size	SKU	Price
2 Pack	GMASKFIRHSP-7506P2PK2	
10 Pairs	GMASKFIRHSP-7506P2	

**Temperature range:** -10°C/+40°C

**Maximum humidity:** 90% RH

**Storage Life:** 6 years

**Certifications:** EN 143, Quality Assurance ISO 9001 / 2000

**Connection Type:** Request round filter adapter N06575035

**Diameter:** 11 cm

**Pack Size:** 10 Pairs

## Honeywell Round Filter (P2/P3)

Flexible P3 filter to be used with class 1 N series filters, using the adapter N06575035.

Protection	Weight	Materials:	SKU	Price
P3	181g	Polypropylene	GMASKFIN7500P3	
P3+ odour removal	235g	Polypropylene & carbon	GMASKFIN7500P3O	

**BULK PRICES AVAILABLE**

**Material:** Polyester

**Diameter:** 102 mm

**Thickness:** 1 mm

**Weight:** 44 g

**Note:** The pre-filter is a pre-filter only, and cannot be used as a substitute for the particle filter P3.

## Sundström SR221 Pre Filters

**SKU: GMASKFI221-1**

Pre Filter prevents premature clogging of the main filter. The pre-filter holder prevents damage to the main filter. It fits into the pre-filter holder of all Sundström non-threaded main filters (gas and particle). Positioned in front of the main particle and gas filters. The low-cost pre-filter sorts out coarse wet and dry particles, protects the main filter and prolongs its service life.

**5 PACK**

**BULK PRICES AVAILABLE**

**BULK PRICES AVAILABLE**

## Sundström 217 Organic Gas Filter (A1)

**SKU: GMASKFIA1**

The A1 Organic Gas Filter is approved as a class A1 filter, providing protection against organic gases and vapours whose boiling point exceeds +65°C, i.e. solvents.

**Filter Rating:** A1  
**Materials:** Plastic polypropylene, 70 g of activated carbon  
**Endurance:** Filter lasts for 90-110 minutes  
**Largest Diameter:** 106 mm  
**Thickness:** 28 mm  
**Weight:** 113 g

**BULK PRICES AVAILABLE**

## Sundström 218 Gas Filter (A2)

**SKU: GMASKFIA2**

The A2 Organic Gas Filter is approved as a class A2 filter, providing protection against organic gases and vapours whose boiling point exceeds +65°C, i.e. solvents.

**Filter Rating:** A2  
**Materials:** Plastic polypropylene, 100 g of activated carbon  
**Endurance:** Filter lasts for 45-50 minutes  
**Largest diameter:** 106 mm  
**Thickness:** 36 mm  
**Weight:** 137 g

**BULK PRICES AVAILABLE**

## Sundström SR510 Particle Filter (P3)

**SKU: GMASKFIP3**

Particle filter SR 510 or SR 210/310, provide P3 protection with full face masks and P2 protection with a half mask due to the limitation of the face piece. A half mask with particle filter or combination filter is approved for up to 10 times the TLV. The filter flange features an O-ring that optimises the seal to the front rim of Sundström gas filters.

**Filter Rating:** P3  
**Materials:** Plastic polypropylene, 100 g of activated carbon, hydrophobic fibreglass paper  
**Largest diameter:** 107 mm  
**Thickness:** 31 mm  
**Weight:** 44 g  
**Pack Size:** Pack of 1  
**Protection From:** Protection from all types of wet and dry particles (dust, smoke, aerosols, spray, asbestos, bacteria, viruses & mould.)

**BULK PRICES AVAILABLE**

## Sundström ABE1 Gas Filter (315)

**SKU: GMASKFIABE1**

An organic, inorganic, acid gas filter class ABE1 (regular capacity). Can be used with Sundström face masks.

**Type:** Organic, inorganic, acid gas filter class ABE1 (regular capacity)  
**Materials:** Plastic polypropylene. No metal parts  
**Largest diameter:** 106 mm  
**Thickness:** 28 mm  
**Weight:** 125 g

## YHS 2000 P2/P3 OV Filter

**SKU: GMASKFIP2P3OVSS**

The YHS 2000 P2/P3 OV Filter (Pair) is suitable for use with HMWKITSS and FFSP3KIT masks. For protection against particles and nuisance odours.

**Filter Rating:** P2/P3  
**Suitable for:** Use with HMWKITSS, FFSP3KIT  
**Pack size:** 1 x Pair

## YHS 7N11 Particulate Pre Filters

**SKU: GMASKFIP2PFSS**

YHS Particulate Pre Filters come in a pack of 2 pairs and are used in conjunction with A1 (#701) or ABEK1 (#703) gas filters.

**Filter Rating:** P2  
**Suitable for:** Use with A1 (#701) or ABEK1 (#703)  
**Pack size:** 2 x pairs

## YHS 701+7N11 A1P2 Filters

**SKU: GMASKFIA1P2SS**

YHS A1P2 Filters (Pair) are suitable for use with HMPKITSS and FFSPKIT. These combination filters are for organic vapours and particles.

**Filter Rating:** A1/P2  
**Suitable for:** Use with HMPKITSS, FFSPKIT  
**Pack size:** 1 x Pair

**Includes:**

- 50 disposable lids with integrated collars and full diameter filters
- 50 disposable liners
- 1 reusable hard cup
- 32 sealing plugs

### 3M PPS Series 2.0 Spray Cup System Kit

3M PPS Series 2.0 Spray Cup System is the next generation, highest performing disposable spray cup system for mixing/measuring, filtering, spraying in any direction (360° spray rotation) and protecting coatings not in use. Printed mixing ratios and reduces cleaning solvent consumption by up to 70% and reduces prep and clean-up time by up to 50%.

Size	Micron	SKU	Price

#### Lid Dispenser GEQ3M16299

### 3M PPS Dispensers

3M PPS Dispenser is a wall-mountable unit that makes supplies such as lids and liners for the 3M Paint Preparation System (PPS) readily available.

This storage accessory conveniently dispenses supplies one at a time, while keeping the remaining supply clean and safe from contamination.

- Offers exceptional convenience to access supplies
- Keeps supplies clean, neat, organised and free from contamination
- Top-loading access for reloading supplies

#### Liner Dispenser GEQ3M16219

**Pack Size:** Pack of 250

**Features:**

- Special tip design ensures absolute 100% straining of paint
- Nothing is left behind in “double meshed” or “blind spot” to throw off critical colour matching
- Mesh on outside of strainer so there is no contamination of paint.
- Filters are solvent resistant
- Can be used up to 10 times

### BC's Cone Paper Paint Filters

These paint strainers are a great way to ensure the quality of your paint, making sure 100% filtration is achieved.

Colour	Micron	Use	SKU
Red	125 - Ultra fine	Fine - very fine filtration	GPAINTFIBCULTRAFINE
Blue	190 - Fine	Ideal base coat	GPAINTFIBCFINE
Black	225 - Medium	Metallic content paints	GPAINTFIBCMEDIUM

**Pack Size:** Pack of 250

**Use:** Ideal base coat

**Micron:** 190 - Fine

### Cone Paper Paint Filters

**SKU: GPAINTFIPSF250FINE**

Absolute 100% straining of paint. Nothing is left behind in “double meshed” or “blind spot” to throw off critical colour matching. Mesh on outside of strainer so there is no contamination of paint.

**Pack Size:** Pack of 10

### 2Spray Reusable Filters

**SKU: GPAINTFIRPF5000**

Used where fine to very fine filtration is needed. These filters are solvent resistant but will eventually soften.
