Supplex® with Teflon HT®

100% Nylon

Our 3.8 oz/yd Nylon constructed in a high count 2-ply weave has the optimum firm hand required for high-energy pursuits but without the heavy 3-ply construction usually found in that type of apparel. All tests indicate that high count 2-ply is as strong as 3-ply. In addition, our Supplex is treated with Du Pont Teflon HT, the most effective, longest-lasting water and stain repellent available, allowing us to offer you extremely versatile apparel that is durable, lightweight, easy care, water-resistant, windproof, and stain and fade resistant.

Flex-A-Vent™

90% Nylon/10% Spandex

Warp-knit Flex-A-Vent is a very strong and durable fabric with excellent 4-way stretch properties. It's a perfect venting mesh for use in professional, high-quality uniforms.
