Flat Back Knit Mesh™

100% Polyester microfiber

This circular knit flat back mesh is a robust double-faced fabric that keeps its just-pressed appearance all day. With a purposeful balance between comfort, function and durability, this lush yet lightweight 100% polyester fabric is easy to care for and maintains its color and structural integrity over time.

We also added Q-wick™, a wicking treatment to the back face yarns that quickly sponges perspiration away from your body and disperses it along the outside fibers to speed evaporation and cooling.
