- Elasticized waist
- Bartacks on all stress points

CUSTOMIZE

- Embroidered name on chest
- Silkscreen text on back

Supplex® with Teflon HT®

100% Nylon

Our 3.8 oz/yd Nylon constructed in a high count 2-ply weave has the optimum firm hand required for high-energy pursuits but without the heavy 3-ply construction usually found in that type of apparel. All tests indicate that high count 2-ply is as strong as 3-ply. In addition, our Supplex® is treated with Du Pont Teflon HT®, the most effective, longest-lasting water and stain repellent available, allowing us to offer you extremely versatile apparel that is durable, lightweight, easy care, water-resistant, windproof, and stain and fade resistant.

Coolmax® Mesh

100% Nylon

A high-tech, warp knit tricot mesh made with tetra (4)-channel polyester fibers, Coolmax® quickly wicks perspiration away from your skin allowing it to evaporate to keep you dry and comfortable. For the wicking process to occur, Coolmax® must be in close contact with your perspiration. MOCEAN's fit and design addresses that to perfection.
