- Interior waist and chest pockets with zip closures
- Interior pen pockets
- Velcro cuffs
- Reflective tape on front and back cape
- Elasticized waist

CUSTOMIZE

- Embroidered name on chest
- Silkscreen text on back

Supplex® with Teflon HT®

100% Nylon

Our 3.8 oz/yd Nylon constructed in a high count 2-ply weave has the optimum firm hand required for high-energy pursuits but without the heavy 3-ply construction usually found in that type of apparel. All tests indicate that high count 2-ply is as strong as 3-ply. In addition, our Supplex® is treated with Du Pont Teflon HT®, the most effective, longest-lasting water and stain repellent available, allowing us to offer you extremely versatile apparel that is durable, lightweight, easy care, water-resistant, windproof, and stain and fade resistant.

*6570 Zip-out fleece lining sold separately.

Hytrel® with Teflon HT®

100% Nylon

Hytrel is a monolithic film that, in contrast to microporous films, does not have tiny holes in it that become clogged. When laminated onto Supplex® nylon, the polyether-ester block copolymers that form Hytrel® give the fabric very desirable characteristics for high performance. The two most outstanding features are the high Mullen waterproof ratings and the MVTR/Moisture Vapor Transmission Breathability Rates. Also, the face of our Hytrel® fabric system is coated with Du Pont Teflon HT®, the most effective, longest-lasting water and stain repellent available. Simply put: you stay dry inside and out!
