100% Merino Wool Felt

Technical Specs

- Milled in the finest factories in Europe
- Composition - 100% Merino Wool
- Thickness - 1.1 mm (3/69 inch)
- Non-raveling. Easy to cut in any direction with no hemming needed
- Excellent rub resistance
- Uses: fashion coats, costumes, children's clothing, craft flowers, ottomans, cushions, pillows, drapes, rugs, table coverings, stuffed animals, educational toys such as play food
- Nonflammable

- Certified safe for babies and children under Oeko-Tex Standard 100. The Oeko-Tex® Standard 100 is a globally uniform testing and certification system for textiles. Product has been tested for chemicals known to be harmful to health, such as lead, and conforms to the highest safety class (class 1)
- Dry clean for best result. Optional: Spot clean with damp towel. Felt will shrink when exposed to heat such as a dryer or iron. To preserve felt in original state, allow felt to air dry, use cool iron if necessary. Place wool in dryer if you want a boiled wool appearance. Fabric will shrink dramatically in dryer and become thicker, with shrinkage dependent on heat setting. Test washing techniques with a small piece of wool first.

100% Pure Wool Felt

Technical Specs

- Made from pure wool from South American sheep
- Milled from the finest factories in Europe
- The woolen felt that is dyed with non-toxic and heavy metal-free dyes which satisfy the EN 71, art. 1, 2 and 3 guidelines
- Safe for children and can be used in children's toys

- Machine-washable using a wool program no warmer than 30 degrees
- Can shrink just slightly, but usually no more than 5%.
- Can be ironed using an average warm temperature
- Flame retardant and can be used for heat and sound insulation.
