## Increasing body temperature is the secret to radiant health!

The Relax Sauna company took 10 years to discover how to create a "Hot Springs Energy" in your home by eliminating less effective Near and Mid-infrared and generating ONLY resonating FAR Infra-red Energy between 4-14 microns (loving light). This is what makes the Relax Sauna stand out among all infrared Saunas. The Relax Sauna can significantly increase body temperature (3 degrees in 25 minutes) more than any other sauna, making it more therapeutic.
