With its **Hookless profile**, this new Mach1 rim combines **lightness and performance** for cross-country and MTB use.

Combined with low pressure tires, it optimizes riding **comfort and grip**.

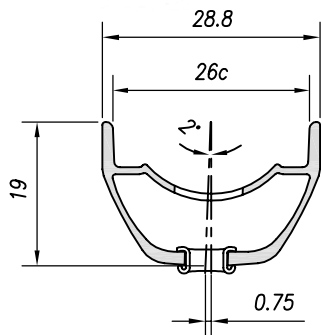

Avec son profil Hookless, cette nouvelle jante Mach1 allie légèreté et performance pour des usages VTT cross-country et all-mountain. Combinée à des pneumatiques gonflés à faible pression, elle optimise le confort de conduite et l'adhérence.
