

WHITE LABEL PRODUCT OFFERINGS

WHITE LABEL | PRIVATE LABEL GUIDELINES

WHITE LABEL

Vitus LG defines white label as utilizing our stock product formulation and primary packaging. Once you have reviewed and picked your products your sales representative will provide you a label dieline and template for your designers to create your label.

MOQ: 100 units per SKU

Lead-Time: 30 days after final artwork approval

*Expedited delivery available. 15 day delivery available on all white label and private label orders under 5000 total units for a 25% up charge from catalog price. Please contact sales rep for additional details and approval.

PRIVATE LABEL

Vitus LG defines Private Label, as any change made to our base product catalog. Changes that are allowable in the private label program are: CBD dosage amounts, flavor profiles, warehoused primary packaging changes (ex: bottle/lid/dropper) of stocked items. Adding additional ingredients to your products of warehoused ingredients.

MOQ: 500 per SKU

Lead-time: 6-8 weeks after final artwork approval. Please note, lead-times are dependent on the raw materials and packaging lead-times.

Under Private Label Specifications. There is no additional R+D that is required. Please note, a change in flavoring for some items might be considered custom formulation. Please speak with your sales representative for more details.

CUSTOM FORMULATION

Fully customized order, in which you will meet with our product innovation team to develop a product specific for your brand. With these orders we take you through a product development process: Sourcing the raw ingredients, product testing and formulation, label design, and suggested compliance. **MOQ: 3,000 units per SKU**

Typical lead-times after the final approval of artwork and formulation is 8-10 weeks. Please note, lead-times are dependent on the raw material sourcing, packaging and manufacturing lead-times. You will be provided a lead-time for your custom project in the Vitus Custom Formulation Proposal.

R+D is required. Scope of the project is reviewed by our team and you will receive a full proposal for the custom project.
