

burel factory

100% português

A Burel Factory é uma marca portuguesa nascida nas montanhas da Serra da Estrela, dedicada à preservação e regeneração do seu património cultural, industrial e do conhecimento da indústria de lanifícios que atravessa gerações. Promove a mestria do saber, a arte feita a várias mãos que urdem, cardam, fiam e tecem em máquinas ancestrais que se ouvem desde o século XIX. Assegura o legado da lã e do burel através do design, da arte, da funcionalidade, e do compromisso para com a preservação da montanha e toda a sua natureza, divulgando a arte portuguesa do burel de forma consciente e responsável, e continuar a história do tecido através do design e da inovação têxtil.

100% portuguese

Burel Factory is a Portuguese brand born in the mountains of Serra da Estrela, dedicated to the preservation and regeneration of its cultural and industrial heritage and the deep knowledge of the local wool industry that crosses generations. It promotes the mastery of knowledge, the art made by several hands that weave, card and spin on ancestral machines that have been heard since the 19th century. Ensures the legacy of wool and burel through design, art, functionality, with a commitment to preserving the mountain and its entire nature, promoting the Portuguese art of burel in a conscious and responsible way, continuing its history through design and textile innovation.

mantas

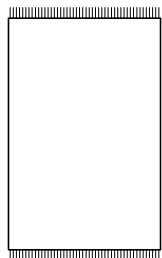

blankets

Manta de lã feita em tear ancestral por mestres artesãos da Serra da Estrela, com o padrão retirado dos antigos livros de debucho dos anos 50. Uma peça icónica.

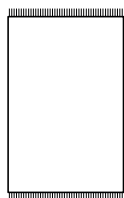

Wool blanket made on an ancestral loom by master craftsmen from the mountains of Serra da Estrela, with the pattern taken from old factory books from the 1950s. An iconic piece.

estante ilha

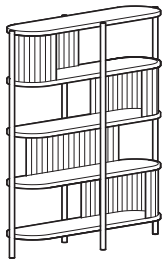

ilha shelf

Uma ilha, uma estante, um expositor, onde elementos rotativos em burel se ajustam para garantir o destaque ou a privacidade de pequenos objectos. O tecido burel e a madeira de carvalho são a combinação perfeita de materiais naturais para dar forma a um desenho de formas geométricas puras, com linhas suaves e precisas.

An island, a shelf, an exhibitor, where rotating elements made in burel fit together to guarantee the highlight or privacy of small objects. Burel fabric and oak wood are the perfect combination of natural materials to shape this design made of pure geometric shapes, with smooth and clean lines.

biombo onda

onda divider

Nota máxima em performance acústica e sustentabilidade. Inspirado no extraordinário desempenho de absorção acústica das cortinas burel — 95% em 100% de som — o divisor de espaços de alta performance é também um verdadeiro nómada ecológico. É totalmente desmontável para transporte e foi desenhado de acordo com os princípios de *design for disassembly**.

*métodos de desconstrução sustentável.

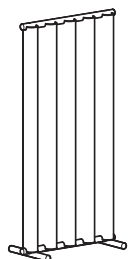

Top marks for acoustic performance and sustainability. Inspired by the extraordinary acoustic absorption performance of burel curtains — 95% at 100% sound — the high-performance room divider is also a true ecological nomad. It is completely collapsible for transport and has been designed according to the principles of design for disassembly.

painel pixel

pixel panel

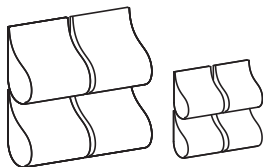

A arte em acústica que ganha corpo através da sobreposição de simples peças de burel, vindo de perto parecem aleatórias, mas que em distancia se desvendam numa imagem. A massa criada por o tecido burel disposto em várias camadas atenua a propagação do som, enquanto eleva o conforto acústico.

The art in acoustics that takes shape through the overlapping of simple burel pieces, which at close range seem random, but at some distance reveal themselves in an image. The mass created by the burel fabric arranged in several layers attenuates the propagation of sound, while increasing acoustic comfort.

projetos únicos

Uma nova identidade para o seu projeto de arquitetura de interiores.

A versatilidade do burel e a sua elevada resistência permitem uma multiplicidade de aplicações, o que o leva a resistir à tração, rutura, pressão e exposição à luz, suportando o uso intensivo, sem alteração de cor e forma, tornando-o ideal para revestimentos de paredes, painéis, tetos, divisórias, instalações e as mais diversas soluções de projetos de arquitetura de interiores, para hotéis, ambientes corporativos, artísticos e domésticos.

A Burel Factory executa soluções acústicas, completamente personalizáveis e feitas à medida, desde o design ao apoio ao projeto ou obra, do desenvolvimento do conceito à materialização da ideia, garantindo uma identidade única, exclusiva, destacada por uma vasta gama de Pontos de Burel, cores, texturas e gramagens, unicamente a partir da lã das ovelhas da Serra da Estrela.

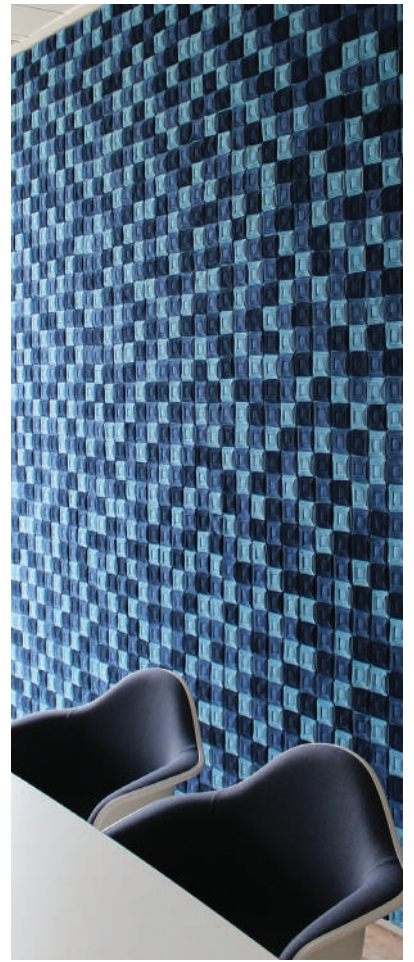

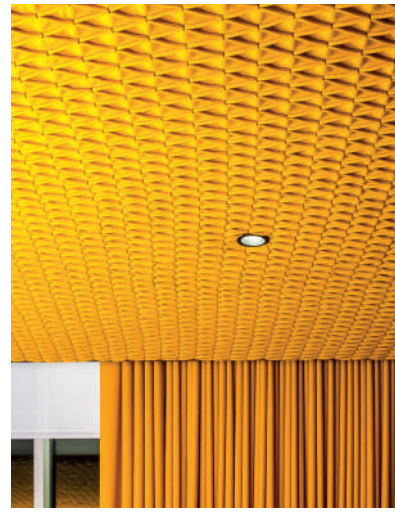

unique projects

A new identity for your interior architecture project.

The versatility of burel and its high resistance allow for a multitude of applications, which means it resists traction, rupture, pressure and exposure to light, withstanding intensive use, without changing colour or shape, making it ideal for wall coverings, panels, ceilings, partitions, installations and the most diverse interior architecture project solutions, for hotels, corporate, artistic and domestic environments.

Burel Factory executes tailor-made acoustic solutions, from design to project support, from concept development to the materialization of the idea, guaranteeing a unique and exclusive identity, highlighted by a wide range of Burel Stitches, colours, textures and weights, entirely made from the wool of Serra da Estrela sheep.
