ABOUT THE PROPERTY

Here at Koonowla, we have a passion for weddings and making perfect wedding day memories. The historic Koonowla property is one of the most iconic wedding venues in the Clare Valley. Located less than 5 minutes outside of Auburn, the family-owned estate comprises extensive vineyards, cellar door and two stunning event spaces. The two event spaces on offer include the lovingly restored Historic Winery building and the immaculate Patio and Lawns.

Depending upon your chosen wedding style, we have the capacity to host up to 200 guests. Both spaces offer a stunning backdrop of the rolling vineyards surrounding the property.

We will work with you to create your perfect wedding day. We point you in the right direction for everything from party hire and caterers to florists, celebrants, photographers and more. We work with the best of our local vendors and provide our couples with the flexibility of choice. We understand that the perfect wedding looks different for everyone, so let's get started on making your unique wedding day vision a reality!

THE PATIO AND LAWNS

The large, paved terrace of the cellar door is the perfect space for your pre-reception, intimate reception dinner or dance floor to accompany your cellar door lawn reception.

The Cellar Door side of the laneway boasts a beautifully manicured, level lawned area. This space is ideal for marquees or open-air receptions under a clear and starry night sky. The elegant stone homestead is a stunning backdrop to the manicured garden and picturesque lawn area.

Wrapped by lush greenery, this space is the perfect location for ceremonies and pre-reception gatherings. Located at the top of the Heritage Lawn is the natural Wisteria Arbour. It is believed to be hundreds of years old and is a popular backdrop for ceremonies, especially when flowering in Spring.

THE HISTORIC WINERY

The George Family have immense respect for the history of Koonowla and have worked tirelessly to restore the property. The Historic Winery restoration is something they are incredibly proud of. The building was damaged in 1926 when a fire swept through the property. It was in a terrible state when the property was purchased back in 2019, with recent restoration reawakening this spectacular building.

The exposed stone and wooden beams are beautifully enhanced by delicate lighting and high ceilings that soar above.

The capacity for this space is up to 80 guests for a cocktail style event or a formal seated dinner. This venue is ideal all year round. As it is undercover, there are no additional costs for marquee hire.
