

SETTING UP TOBACCO & BIGG ICE ROCKS

WHEN PACKING A BOWL OF TOBACCO, IT IS IMPORTANT TO PACK IT EVENLY AND LIGHTLY. WE DO NOT RECOMMEND PRESING IT DOWN. FILL IT TO JUST BELOW THE RIM AS SEEN IN THE IMAGE.

TO CREATE AN EXOTIC MIX OF TOBACCO AND ICE ROCKS, PACK THEM AS SEEN IN THE IMAGE. DO NOT OVERFILL THE BOWL AS THIS CAN CAUSE THE FLAVOUR TO BURN. FILL TO JUST BELOW THE RIM.

WHEN PACKING ICEROCKS ONLY, FILL THE BOWL EVENLY AND DO NOT OVER FILL PAST THE RIM. WHEN YOU PLACE THE FOIL ON TOP IT SHOULD NOT TOUCH ANY OF THE ROCKS.
