

# GN90

Date	_____
Project	_____
Location	_____

**MODEL | ITEM CODE**

⊙ Hourly production: 90 Kg

Machine for potato dumplings (gnocchi), suitable for bakeries, deli shops and supermarkets.

**Flexible:**

The GN90 can produce up to 90 Kg per hour of gnocchi (either striped or smooth) and chicche; the diameter and length of the product can be easily changed.

**Safe and reliable:**

The gnocchi machine has been designed following the latest hygiene and safety regulations and is dimensioned to guarantee the best reliability and durability.

**Easy to clean:**

All the parts in touch with the food are made with stainless steel or food-graded polyethylene. The components which need cleaning can be quickly disassembled for easy washing.
