PREMIUM ESPRESSO GRINDING TECHNOLOGY and pioneering features, designed to meet the modern demands of coffee professionals around the globe.

FEATURES

- 65 mm Premium cast steel burrs
- Proven premium grinding profile
- High performance motor
- Intuitive user interface
- Innovative temperature control
- Precise and consistent dosing
- Near-silent grinding
- Adjustable and removable spout
- Sturdy portafilter holder and knob
- Functional magnetic drip tray
- Smart clip on lid

The perfect match for any espresso bar.

The slimline body design with its compact footprint brings outstanding grinding quality even to the smallest of bars. However, with its modern style and clean look the E65S can equally shine like a star on your spacious counter, demonstrating first-class grinding quality and modern design.

The E65S produces the most pleasant and silent grinding, while its overall construction is robust and well prepared to sustain high workloads. The perfect choice for coffee shops and restaurants.

Changing perceptions: Large display for optimal control.

The E65S features a 61.2 mm color display for the most comfortable navigation through the settings, statistics and service intervals.

Pioneering grind-adjustment technology lets you set and keep the perfect degree of fineness.

The adjustment range spans 180 to 580 µm, whilst the 80 step indicating scale offers meticulous repeatability. An auto-lock system keeps the adjustment in place.

The revolutionary spout, designed for perfectly centred espresso grinding.

The re-designed spout adapts to every portafilter within seconds by being simply pushed or pulled into place. Made from specially selected anti-static material, honed into a uniquely effective shape, it allows the grounds to flow very fluffy into the portafilter.

Reduced Noise Ultra quiet grinding < 70 dB(A)

Down to the last detail

Absolutely indestructible: the bean hopper

Keep it clean:
the drip tray

	K8 FRESH
Features
