LE DECORAZIONI

Decorati a mano *Hand painted*

Tutti i nostri forni possono essere personalizzati con decorazioni dipinte a mano su richiesta. Loghi, scritte o immagini verranno riprodotti sulla superficie del vostro forno, rendendolo unico e inconfondibile. Partendo da uno schizzo, un'immagine o un'idea, i nostri artisti li ricreeranno alla grandezza e nella posizione desiderata. Il procedimento è interamente realizzato utilizzando appositi smalti indelebili che rendono la personalizzazione lavabile e duratura nel tempo. Scegli oggi come caratterizzare il tuo forno: l'unico limite è la tua fantasia.

All our ovens can be customized with special hand painted decorations upon request. Logos, writings or images will be transferred on your oven's surface, making it unique; outstanding. Starting from a sketch, a picture or just an idea, our artists will create it for you, making it any size and position you want it to be. The process is realized using special enamels that will allow the decoration to be cleaned and last as long as your oven. Choose today what feature will make your oven really special: the only limit is your imagination.
