

2-In-1

DOUBLE SIDED BOARD GAMES

Find & Seek

Game Set-up

- Unfold and place the Game Board face up on a flat playing surface
- Shuffle the Find & Seek Cards and place them face down in one pile beside the Game Board
- Players now try to familiarize the four sections (quadrants) of the Game Board

Object of the Game

To collect the most Find & Seek Cards by the end of the game!

Playing the Game

- Each player draws a card from the top of the playing deck, face down
- Once all players have a card, they flip their cards over to reveal the two characters on the other side
- Each player tries to find the quadrant that has the two characters that match their card
- The first player to place their card down on the correct quadrant collects the other player's cards and the round is over
- Play continues until all of the Find & Seek Cards have been collected from the playing deck

Who Wins?

The player who collects the most Find & Seek Cards WINS!

Ups & Downs

Game Set-up

- Lay the game board on a flat surface
- Place the spinner beside the game board
- Each player chooses a character pawn

Object of the Game

Be the first player to reach #64 at the top of the game board.

Playing the Game

The youngest player goes first (clockwise). Starting at square 1, spin the spinner and move your character pawn the amount of spaces shown on the spinner, following the arrows on the game board. Did you land at the start of a ladder? Yay! Move your character pawn up the ladder to the space where it ends. Did you land at the end of a rainbow? Uh-oh! Your character pawn has to slide down the rainbow to the space where it ends.

Who Wins?

The first player to reach #64 at the top of the game board, WINS!
