

Laundry Liquid

Product Usage Guide

Professional

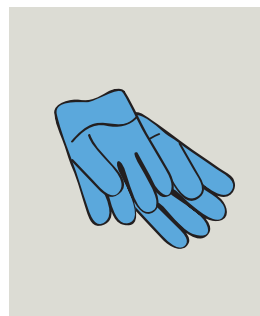

BP052-5

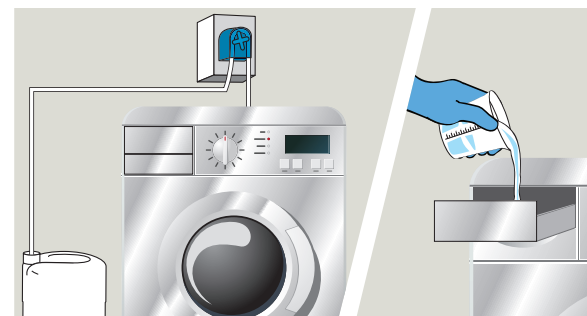

Dilution Rates per 1KG of Dry Wash

	 SOFT	 HARD
Soil Level		
Light Soiling	24ml	30ml
Heavy Soiling	28ml	32ml

1 Use appropriate PPE as indicated in the Safety Data Sheet.

2 Connect to an electronic dosing system or pour into main wash dispenser.

3 Following garments instructions select wash cycle and start.

4 We recommend Jangro Fabric Softener in the final rinse.

Health & Safety

For problem stains, pour small amount of liquid directly onto stain, rub in gently then wash as normal. Do not leave unwashed for long periods. Always test for colour fastness.

Recycle when empty
