We built our first fitness product in 1983, with the simple goal of giving our customers the highest quality equipment to help them achieve their fitness goals. It is that same simple purpose which continues today in designing and developing every piece of equipment that bears the Spirit Fitness name. We make sure that each new equipment design meets the same demanding standards that have crafted the Spirit Fitness brand.

Over the last thirty years, our focus has always been - and will continue to be delivering a quality experience with our equipment. We understand that our products are an investment and we design them to keep pace with your own long term fitness goals. All of our products are produced in our ISO-certified factories for consistent quality.

Spirit aims to improve the quality of life for everyone. We aspire to boost your lifestyle to the next level. We place customer experience and product innovation at the center of our brand, helping you accomplish your fitness goals through unprecedented product details and features tailored specifically for you.

TREADMILL
SUPERB ENTERTAINMENT EXPERIENCE

The updated ENT+ console now has a 15.6" touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

DURABLE DECK

This maintenance-free deck system provides hassle-free use for thousands of miles, plus the spacious 560 x 1525mm / 22" x 60" workout area accommodates tall individuals.

DIRECT CONTROL BUTTONS

Easy to access control buttons on console provide the ability to quickly program a specific incline or speed with just a few key strikes.
CT800+
TREADMILL

The CT800+ commercial treadmill has a reputation for reliability and value that meets your space and budget needs. Weighing in at 173kg, this machine is truly heavy-duty and packs a load of premium features that keep clients happy. The top control panel boasts a simple and intuitive design with direct speed and incline buttons, multiple storage options for water bottles, phones, and other accessories, as well as a built-in fan that helps keep users cool. The ergonomically positioned hand pulse sensors let users easily monitor vital stats, while a variety of built-in programs allow nearly endless workout customization to suit a wide range of fitness levels.

DISPLAY

1. Direct incline/speed buttons
2. White multi-window LED displays
3. USB charging port
4. Adjustable fan angle
5. Accessory trays
6. Easy-touch control buttons

FEATURES

- Bright white multi-window LED console is easy to read and simple to use.
- Direct speed and incline buttons make workouts more efficient.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- This unit comes equipped with a 3.0HP AC Drive with grade H insulation.
The CT800ENT+ treadmill includes an impressive combination of functional and technological advancements in a budget friendly treadmill. The oversized 15.6” touchscreen entertainment display allows users to screen mirror from their phone so they can watch whatever they want. Pre-loaded apps also give users the ability to stay entertained with popular streaming, news, and social media content. And if that isn’t enough, the facility can enable the ability to watch cable TV through an HDMI and cable box connection.

**FEATURES**

- Large 15.6” touchscreen with screen mirroring, TV, and streaming/news/social media apps.
- 3 different workout display modes give users a variety of workout feedback.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- This unit comes equipped with a 3.0HP AC Drive with grade H insulation.

**DISPLAY**

1. 15.6” touch screen display
2. USB charging port
3. Adjustable fan angle
4. Cell phone ledge
5. Audio Jack 3.5mm
6. Easy-touch control buttons
Designed to withstand the rigors of a commercial fitness environment, the CT850+ Treadmill combines convenient features with durable construction to provide an exceptional workout experience. The cool running, 4.0 horsepower AC drive motor with a startup speed of only 0.8 kph adds to the reliability while providing the torque and smooth continuous power required for all types of users. The top control panel boasts a simple and intuitive design with direct speed and incline buttons, multiple storage options for water bottles, phones, and other accessories, as well as a built-in fan that helps keep users cool.

**DISPLAY**

1. Direct incline/speed buttons
2. White multi-window LED displays
3. USB charging port
4. Adjustable fan angle
5. Accessory trays
6. Easy-touch control buttons

**FEATURES**

- 4.0 horsepower AC drive motor provides superior torque and reliability.
- Direct speed and incline buttons make workouts more efficient.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- Bright white multi-window LED console is easy to read and simple to use.
REDESIGNED FOR HIGH PERFORMANCE WITH TECHNOLOGICAL ENHANCEMENTS
SUPERB ENTERTAINMENT EXPERIENCE

The updated ENT+ console now has a 15.6” touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

FOOT PEDALS

2 degrees of inversion at each foot pedal places the user in an anatomically correct position.

PULSE GRIP HANDLES

Ergonomically designed handles that provide a comfortable grip throughout the workout plus two stationary handles on console with pulse grip to easily get an accurate heart rate.
The CE800+ was specifically engineered for the commercial environment, from its heavy-duty steel frame to its premium console features. Its design focuses on convenience, comfort, reliability, and aesthetic appeal. Facility owners will have the peace-of-mind knowing they have a dependable machine while users experience a fluid total-body workout.

This unit uses a generator to power the console. Therefore, there is no need for an electrical hookup. Dual track with shielded concave roller wheel system for superior stability and durability.

**DISPLAY**

1. Message center
2. Track and program profile window
3. Fan on/off
4. USB charging port
5. Adjustable fan angle
6. Easy-touch control buttons

**FEATURES**

- Smooth, quiet 508mm stride, which is the optimal distance for the average user.
- Generator powered console means there is no need for electricity.
- Dual rollers on each pedal arm for a sturdier base.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.
The CE800ENT+ elliptical trainer incorporates touchscreen technology on a large 15.6” entertainment display. Users can screen mirror from their phone so they can watch whatever they want. Pre-loaded apps also give users the ability to stay entertained with popular streaming, news, and social media content. Connects to third party apps via Bluetooth FTMS. And if that isn’t enough, the facility can enable the ability to watch cable TV through an HDMI and cable box connection.

**DISPLAY**

1. 15.6” touch screen display
2. Tablet-friendly reading rack holder
3. Adjustable fan angle
4. USB charging port
5. Audio Jack 3.5mm
6. Easy-touch control buttons

**FEATURES**

- Large 15.6” touchscreen with screen mirroring, TV, and streaming/news/social media apps.
- 3 different workout display modes give users a variety of workout feedback.
- Connects to third party apps via Bluetooth FTMS.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.
The CE850+ adjustable stride Elliptical Trainer combines our robust and compact front-drive elliptical design with the ability to customize your ideal stride motion from 457-610mm.

Our narrow pedal spacing (Q-Factor), large cushioned pedals, and ability to simulate a walk/jog/run through electronically adjustable stride adjustment combine to give you the ultimate cardio workout for your users.

**DISPLAY**

1. Message center
2. Track and program profile window
3. Fan on/off
4. USB charging port
5. Adjustable fan angle
6. Easy-touch control buttons

**FEATURES**

- Electronically adjustable stride length from 457-610mm.
- Multi-position hand grips with remote resistance and stride controls.
- Dual track with shielded concave roller wheel system for superior stability and durability.
- 20 levels of resistance to satisfy the needs of beginners or advanced exercisers.

CU800+  CU800ENT+

UPRIGHT BIKE
SUPERB ENTERTAINMENT EXPERIENCE

The updated ENT+ console now has a 15.6” touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

ADJUSTABILITY

Multiple seat adjustment points. Move the seat forward and back, up and down, by turning the designated knobs.

FOOT PEDALS

Pedals have 2 degrees of inversion that help place your body into an anatomically correct position throughout the workout; they are also padded to take stress off of the feet.
The CU800+ Upright Bike was specifically engineered for the commercial environment, from its heavy-duty steel frame to its durable powder coat paint finish. Features like built-in hand pulse sensors on the multi-position handlebars, as well as the easy-to-read console with a variety built-in programs, satisfy casual and committed users alike. The extra-smooth ride comes from the perfected gearing and the integrated generator/flywheel system.

**DISPLAY**

- Message center
- Track and program profile window
- Fan on/off
- USB charging port
- Adjustable fan angle
- Easy-touch control buttons

**FEATURES**

- Built-in contact and telemetric heart rate capabilities for a more effective workout.
- Generator powered console means there is no need for electricity.
- Oversized foot pedals with fast-latching system.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.
CU800ENT+
UPRIGHT BIKE

The CU800ENT+ incorporates touchscreen technology on a large 15.6” entertainment display. Users can screen mirror from their phone so they can watch whatever they want. Connects to third party apps via Bluetooth FTMS. Pre-loaded apps also give users the ability to stay entertained with popular streaming, news, and social media content. And if that isn’t enough, the facility can enable the ability to watch cable TV through an HDMI and cable box connection. The USB charging port, cooling fan, and user-intuitive design appeal to a wide range of users.

**DISPLAY**

6. Easy-touch control buttons

**FEATURES**

- Large 15.6” touchscreen with screen mirroring, TV, and streaming/news/social media apps.
- Oversized foot pedals with fast-latching system.
- 3 different workout display modes give users a variety of workout feedback.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.
RECUMBENT BIKE
SUPERB ENTERTAINMENT EXPERIENCE

The updated ENT+ console now has a 15.6” touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

ERGONOMIC HAND GRIPS

Ergonomically friendly pulse grip handles are mounted comfortably on each side of the seat for a more natural hand position.

COMFORT MOLDED SEAT

The seat and backrest are made of high durometer foam pads to keep users comfortable throughout their workout.
The CR800+ Semi-Recumbent Bike is the perfect bike for the commercial environment. The step-through design and easy-adjust seat makes it easy for your clients to get on the bike and quickly find the most comfortable seat position. The intuitive console offers multiple program options and up to 40 levels of resistance to keep your clients interested and motivated. The extra smooth ride comes from the perfected gearing and the integrated generator/flywheel system.

FEATURES

- Built-in contact and telemetric heart rate capabilities for a more effective workout.
- Generator powered console means there is no need for electricity.
- Oversized foot pedals with fast-latching system.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

CONSOLE

The console features a large easy-to-read display with a variety of program options for users of all fitness levels, an integrated fan to keep clients cool, and a USB charging port for keeping their device charged.

DURABLE FRAME

Heavy-gauge high-strength steel frame with durable powder-coat paint means this stepper is designed to stand the test of time.

HAND PULSE SENSORS

Ergonomically friendly pulse grips for a more natural hand position to easily access heart rate metrics during use.
The CS800+ Stepper combines the familiar dependent stepping action with an arched step-rail design and impressive 410mm / 16” maximum step height for an effective lower body workout. The narrow 2” pedal spacing (Q-Factor), large cushioned pedals, and solid handrail design combine to give you an incredibly comfortable and space-efficient cardio unit. The electronics in the CS800+ are designed to provide intuitive operation. The console features a large easy-to-read display with a variety of program options for users of all fitness levels, an integrated fan to keep clients cool, and a USB charging port for keeping their device charged. The conveniently located hand pulse grip sensors provide heart rate monitoring on demand.

TREADMILL
WIDER DECK SURFACE

Provide a more natural running / walking experience with quiet operation. It makes your exercise more comfortable.

DURABLE DECK

Double-sided 0.5mm phenolic coated deck, 75mm / 3.0” rollers and multi-ply Habasit® belt combine to provide a low maintenance system for thousands of miles.

PULSE GRIPS

Ergonomically friendly hand grips for pulse tracking.
Robust construction and commercial-grade components make the CT900 the gold standard for treadmills. Specifications for the shocks, rollers, belt and deck were meticulously chosen to give users a smooth workout experience. Powder-coated steel and powerful motors allow owners to rest assured they have products that will stand the test of time. Our 900 series console was designed to be easy to use with intuitive program operation. The automobile industry’s “Ultra-Bright” blue LED display with backlighting elements make the console easy to read. The program keys along with numeric keypad make entering data easy, so your clients can quickly start their workout routine.

UPRIGHT BIKE / AIR BIKE
**EASY TO MOVE STEADILY**

Ergonomically designed handles that provide a comfortable grip throughout the workout plus two stationary handles on console with pulse grip to easily get an accurate heart rate.

**COMFORTABLE STRIDE**

Padded easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout with less stress on your feet.

**PADDED SEAT**

The seat and backrest are made of high durometer foam pads to keep users comfortable throughout their workout.
The CU900 Upright Bike boasts features that provide users with precise fit and function and a beautiful console to track performance. The seat height securely locks and adjusts to suit the user while the moulded handlebars provide ultimate comfort. Pedal motion is smooth and consistent with industrial roller bearings and 25mm / 1” crank axle that can power through any climb.

**DISPLAY**

1. Integrated adjustable fan  
2. Premium, ultra-bright blue LED display  
3. LED heart rate graph  
4. Large LED matrix window  
5. Lap counter  
6. Tablet reading rack holder

**FEATURES**

- Oversized 25mm / 1” crank axle along with heavy duty roller bearings provide long life and reliability.
- Extra wide, 8 groove poly-v belt, spring loaded idler for reduced belt tension ensuring longer belt and bearing life.
- Quick adjust seat easily slides to accommodate users of various heights.
- Generator system allows the unit to be placed in any location.
Users get the best of both in motivation and entertainment with the CU900ENT Upright Bike. The 10.1” touchscreen display allows users to watch TV, surf the internet and stream music while they work out. Three workout display modes give users plenty of feedback on their performance and progress. Commercial-grade pedals, cranks and bearings provide outstanding function and durability.

**FEATURES**

- Seat adjusts securely and infinitely to accommodate users of varying heights.
- Moulded handlebars for comfortable fit.
- Electromagnetic resistance system provides power and 40 levels of increasing intensity.
- Easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout.

**DISPLAY**

1. Integrated adjustable fan
2. 10.1” touchscreen display

COMFORTABLE SEAT

A comfort molded seat allows users to work out for longer stretches with maximum enjoyment.

DURABILITY

All Spirit Fitness bikes are built with extra-heavy-gauge steel tubing to give them a stable base, and use high-quality bearings rather than bushings to ensure a longer life and smoother cycling action.

INTEGRATED WINDSCREEN

Standard, integrated windscreen to prevent blowback for user comfort.
The AB900 is a classic design of a classic modality. With its air-driven, isokinetic resistance system, this air bike is a powerful tool for all types of training situations — from low RPM, low load rehabilitation to high performance, high Watt output interval training. Resistance matches the user’s effort and accommodates upper-body only and total body exercise. The compact design and eco-friendly rider-powered console allows the AB900 to be placed anywhere in a facility for easy programming integration.

**DISPLAY**

1. Interval display panel
2. Quick mode buttons
3. Bluetooth® button
4. Time, distance, calories, watts, speed, RPM
5. Heart rate display panel
6. Control keypad

**FEATURES**

- Rider-powered, Bluetooth®-enabled console with program quick keys and full display.
- Our fitness bikes not only allow up and down seat adjustment, but they also feature a fore/aft adjustment for the perfect fit.
- Easy-to-use quick mode buttons with simple control keypad, LCD displays all important information.
RIDE WITH SPIRIT WHOLEHEARTEDLY.

RECUMBENT BIKE
COMFORT MOLDED SEAT

The seat and backrest are made of high durometer foam pads to keep users comfortable throughout their workout.

FOOT PEDALS

Padded easy in and out ratcheting pedals with 2-degree pedal inversion for a comfortable workout with less stress on your feet.

EASY TO MOVE STEADILY

There are transport wheels integrated into the front floor support tube for ease of repositioning. Simply lift and tilt the front end to roll the unit to your desired location.
Built to last, the CR900 Recumbent Bike takes workout ease and comfort to a new level. Step-through design makes it easy for all users to enter and exit the bike. Moulded foam seat that adjusts along the seat rail and quick ratcheting pedals make it easy to get on and go. Commercial crank assembly and extra-large roller bearings provide fluid pedal motion.

**DISPLAY**

1. Integrated adjustable fan

One of the largest stepping surface area of any commercial stair-stepping machine.

REMOTE BUTTONS
Contact heart rate grips, resistance controls, and start/stop switch on handlebars.
One of the original HIIT workouts, a rotating-stair climber has been one of the toughest machines in the gym for more than 35 years. The Spirit StairClimber features a super sleek design, locking stairs for safety and the largest surface area on the market for multiple foot position training options. Added depth to the stairs keep toes from being pinched while feeling like a natural step motion.

**FEATURES**

- Automatic stair locking when machine is not in use for entering or exiting the machine.
- Color indication lights around the contact heart rate grips visually display when the machine is in use or standby mode.
- Easy access maintenance panels on either side.
- Extra step-depth keeps shoes from being pinched.

**DISPLAY**

1. Multi-window display
2. Ultra-bright blue LED display
3. Easy access program buttons
4. Large LED matrix window
5. Numeric Keypad
6. 2-Speed fan for workout comfort
CLIMB WITH SPIRIT AGGRESSIVELY.
ROW WITH SPIRIT PASSIONATELY.

CRW900 ROWER
EASY-ADJUST RESISTANCE KNOB
10 levels of water resistance with easy-adjust knob to challenge all fitness levels.

ADJUSTABLE FOOTRESTS
Padded footrests for ultimate comfort and easy adjustable straps for a secure fit.

BIG TANK
XL twin tank design with durable multi-bladed impeller for greatly improved resistance range.
Whether placed in a commercial or quality home studio, this rugged indoor rower never disappoints. Guaranteed to enhance any grand environment, CRW900 is complete with a hand lacquered American Ash Blackwood finish.

Flawlessly reproducing the natural catch and consistent water resistance rowing CRW900 packs a punch with 65% greater resistance than standard fluid models – the perfect rower for solid progression no matter the fitness ability.

**FEATURES**

- 10 levels of water resistance with easy-adjust knob to challenge all fitness levels.
- Timeless wooden and steel frame for lasting performance.
- XL twin tank design with durable multi-bladed impeller for greatly improved resistance range.
- Commercial grade padded handlebar for comfort and durability.

**DISPLAY**

1. Interval display panel
2. Quick mode buttons
3. Bluetooth® button
4. Large, easy-to-read display
5. Heart rate display panel
6. Control keypad
ROW WITH SPIRIT PASSIONATELY.

JOHNNY G SPIRIT BIKE

INDOOR CYCLING & STUDIO BIKE

CLimb with spirit aggressively.
Belt Drive System

Conti Syncroforce® and FleXonic Poly V® belts deliver a unique feel of a road bike.

Clamshell Monocoque Frame

Powder coated and electroplated clamshell-designed frame creates a sweat-resistance finish.

Cockpit Inspired Console

The concept for the console gives the rider the feeling of being in a cockpit looking at a heads-up display.
Integrating critical components for gym level performance

The needle bearings that encompass the pedals and flywheel axle, the industrial grade Hutchinson PK poly-V® belt, and our three piece crank work synergistically to create the perfect formula for durability and performance.

The 64 kilogram frame consisting of 2.5 mm thick oval tubing and round bars enhance stability and longevity.

To prevent sweat corrosion, double powder paint is coated. The concave groove on the flywheel disperses sweat, extending the life of the flywheel.

FEATURES

- The 64 kilogram frame consisting of 2.5 mm thick oval tubing and round bars enhance stability and longevity.
- To prevent sweat corrosion, double powder paint is coated. The concave groove on the flywheel disperses sweat, extending the life of the flywheel.
JOHNNY G SPIRIT BIKE
INDOOR CYCLING & STUDIO BIKE

Over the last 25 years, Johnny G has been engineering the next evolution of indoor bikes. His newest creation is a beautiful, SLEEK machine of uncompromising design. Johnny has taken the guess work out of working out with his push button magnetic resistance. It allows the user to replicate their last ride for a consistent and rewarding workout every time creating a PERSONAL experience for every ride and rider. Gone are the days of patchwork welded tubes; Johnny’s newest creation uses a monocoque steel frame and heavy base. This perfect marriage of vision and practicality allows the back of the frame to flex like the chain-stays on an outdoor bike, creating a response which makes the bike feel ALIVE. Don’t settle for the old standard of indoor bikes, your clients deserve to ride the best bike ever built: The Johnny G Spirit Bike.

FEATURES

- Electronically controlled magnetic resistance system with multiple adjustment touch points.
- Solid steel construction and triple powder coated for durability.
- Belt drive system provides the feel of a road bike.
- Proprietary handlebar design for comfort and resistance buttons at your fingertips regardless of ride position.

DISPLAY

1. Level, RPM, time, distance, watts, and heart rate
2. Power zone indicator
3. Heart rate zone indicator
