

FREE STYLE 3.5 ELLIPTICAL

The XTERRA FS3.5 Elliptical provides an ultra-smooth total body workout, sleek styling, and synchronized upper and lower body movement. The patented front-drive design maximizes your use of space with a small footprint while providing a movement that is effective and biomechanically correct. And with a smooth belt-drive system, friction-free magnetic resistance, 17" stride length, and aluminum track wheel system, the FS3.5 Elliptical delivers a quiet and effective workout.

The console is complemented with a large easy-to-read blue and yellow backlit LCD screen that displays everything from speed and distance to calories and heart rate. The 24 programs with 24 levels of resistance are sure to challenge users of all fitness levels.

Delivering an outstanding elliptical feel at an exceptional value, the FS3.5 is engineered for toughness, durability and years of maintenance free performance.
