

SPIRIT
CT800

SPIRIT

**MOVE YOUR
SPIRIT**

The CT800 is stout and extremely durable, weighing in at over 350 lbs. The combination of the heavy-duty steel frame and aluminum console masts and side rails make it comparable to treadmills at much higher price points in the commercial market. The large workout area makes this model very appealing to walkers and runners.

FEATURES:

- Bright, tri-color LED console with programming very similar to our other C series consoles.
- Quick speed and incline keys to save time and make workouts more efficient.
- Contact and wireless heart rate options to help keep clients in their safe and effective training zone.
- Dual-drive motor cooling fans to protect and extend the life of the motor and control board.

CT800

SPECIFICATIONS
