# ✦ ABOUT US ✦

Located in North Vancouver, BC, Tundra Designs is a husband-and-wife artisan woodworking business. Blake and Colleen handcraft an array of wooden creations that capture the essence of Coastal British Columbia.

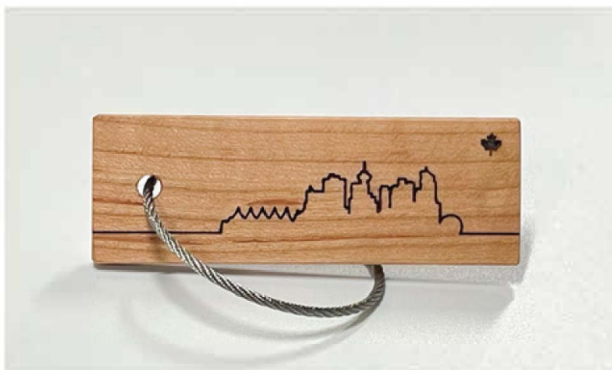

## LOCALLY-SOURCED MATERIALS

Tundra Designs primarily utilizes Western Red Cedar sourced from the North Shore and Lower Mainland. This wood comes from trees that have been cut down due to development. Rather than allowing these trees to go to waste by rotting on site, burned as firewood, or discarded as green waste, we repurpose them into our products.

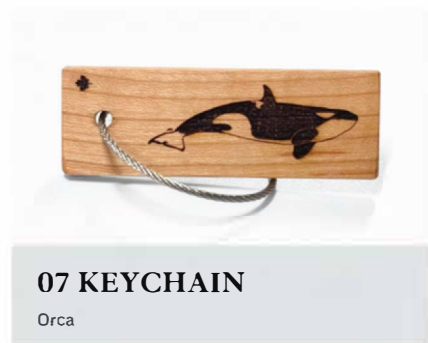

## WHY PEOPLE LOVE OUR PRODUCTS?

- ✦ Products are made in North Vancouver, not overseas.
- ✦ Local designs showcasing beautiful British Columbia!
- ✦ The uniqueness of our products - you won't find other products like ours elsewhere. We source the wood locally, we do the woodworking, and we do the artwork!
- ✦ The aromatic scent of Western Red Cedar that many of our products are made from
