

# The finest ingredients, naturally.

We have an intimate relationship with scent. We touch it, taste it, and breathe it, every minute of every day. We feel that relationship should be as pure as possible, and something that we constantly love to experience. That means sourcing incredible natural ingredients from right here in Australia, as well as France, Germany, and Norway. And using natural shea butter for soaps and natural soy for candles, to ensure all our products feel and smell exceptional, and are good for our homes and our bodies.

ENGLISH

# Made with pure love.

As a family business, love is in every part of our process. We make everything in Australia using traditional methods, and hand-make where possible to ensure that when they're in your hands, you'll feel the love that goes into them.

Soap bars are made following traditional French Triple Milling to ensure the bars are completely smooth and last even longer, with fragrance and shea butter right through to the very last piece.

Our candles are handmade with the utmost attention and care, with fragrances specially made to achieve the highest possible fragrance throw. Our wax pouring only happens when the wax has melted to its optimum temperature, so that your candle will last even longer. Our uniquely crafted candle jars aim to enhance the fragrance, and look as beautiful as they smell.

Our thought is when it's made with love, you'll be sure to love it.

# There's always room for sweets.

Introducing Sweet Treats, coming soon.

# Enjoy happy hour all day.

Negroni soap, diffuser and candle, coming soon.

# This Christmas, make your very own Gingerbread house.

Our very special Christmas scent this year, Gingerbread.

## Soaps

All our soaps are made in Australia, using the highest quality ingredients and a unique formulation derived from natural plant oils. Our bars contain a generous amount of certified organic shea butter, to create a long-lasting, luxurious soap experience. They are then packaged in beautifully designed textured Italian paper, so each bar is a little present, waiting to be unwrapped and enjoyed.

### Our do's

- French Triple Milling manufacturing process for longer-lasting soaps
- Use organic fair-trade shea butter
- Use natural plant oils
- Made with bespoke and uniquely designed fragrances

### Our don'ts

- Use ETDA, HEDP, SLS or petroleum-based surfactants
- Use animal fats
- Test on animals

## Candles

Light one of our candles and step into a little indulgence with beautiful scents and exceptional quality. Our candles are triple-scented, soy-based and long-burning. We use signature scents from our range of soaps and enhance them to create beautiful aromatic experiences in our candles. Our delicately balanced fragrance profiles provide 60 hours of indulgence, transforming any room into an oasis.

### Our do's

- Create soy-based candles
- Make them triple-scented and longer lasting, 60 hours burn time
- Hand-poured

### Our don'ts

- No sulphates, petrochemicals or glycols
- No artificial colouring

## Diffusers

Give every room an even longer-lasting beautiful ambience with our reed diffusers. Textured rattan reeds artistically sit in our beautifully designed glass bottles to add an elegant style to the decor. Once the reeds embrace the liquid fragrance oil, your room will have a wonderful, subtle and exquisite smell. The level of fragrance is easily controlled based on the number of reeds added to the bottle.

### Our do's

- Create 250ml beautifully crafted glass bottle
- Give 6-month scent life
- Use natural plant oils

### Our don'ts

- No sulphates, petrochemicals or glycols
- No artificial colouring

## Body Care

Feel the difference with our luxurious, beautifully made range of body care liquid soaps and lotions. Using sustainable plant oils and natural shea butter, infused with our signature incredible fragrances, our Castile Liquid Soap feels and smells incredible. With pure, natural ingredients, free from harsh petrochemicals and artificial colourings, our Liquid Soap feels luxurious, but is more than suitable for every-day use. It gently cleanses and soothes dry and sensitive skin, giving you truly unique and lovely experience with every application.

### Our do's

- Use blended sustainable plant oils and natural shea butter
- Ensure our bodycare is biodegradable
- Gently cleanse and soothe dry and sensitive skin
- Are suitable for everyday use

### Our don'ts

- No sulphates, petrochemicals or glycols
- No artificial colouring
