CAUTION

Always read the manual before installation. Failure to follow instructions properly could result in property damage or personal injury.

Store this manual so that you can check it at another time.

Transport and store the parts of the veranda in the original packaging to avoid damage to the product.

Altering parts of your veranda can result in voiding your warranty in all cases. Altering parts means other than amendments mentioned in the installation manual.

When using parts other than those provided by the warranty on the construction will expire unless otherwise advised by your dealer. Think of other parts like non original manufactured roof plates or support structures.

Before installing a part, make sure it is not defective. If you find a defect, take photos clearly showing the defect and contact your dealer.

Work safely. Always wear safety gloves and safety goggles and use hearing protection. Wear gloves and a face mask when operating the saw and drilling machine.

LED lighting should always be connected to a grounded wall socket. The socket needs to be connected to a residual current device.

Never pull on the electrical cord when disconnecting the plug from the socket. Grab the socket at its intended grooves. Pulling the cord can result in damage to the wire or the socket.

Keep batteries out of the reach of children.

Be aware of water near electrical equipment.

Do not attach electrical wire using nails or staples.

WARNUNG

Lesen Sie vor der Installation immer die Montageanleitung. Die Nichtbeachtung der Anweisungen kann zu Sachschäden oder Verletzungen führen.

Bewahren Sie diese Anleitung immer an einem sicheren Ort auf, damit Sie jederzeit darauf zugreifen können.

Transportieren und lagern Sie die Teile der Überdachung in der Originalverpackung, um Produktschäden zu vermeiden.

Wenn Sie selbst Änderungen an Teilen Ihrer Überdachung vornehmen, führt dies in jedem Fall zum Erlöschen Ihrer Garantie. Dies bezieht sich auf andere als die in der Montageanleitung angegebenen Änderungen.

Bei der Verwendung von Nicht-Teilen erlischt die Garantie für die -Konstruktion, sofern nicht anders von Ihrem Händler empfohlen. Denken Sie hierbei zum Beispiel an die Verwendung anderer Arten von Dachplatten oder Pfosten.

Prüfen Sie vor der Installation eines Teils, ob es Defekte aufweist. Wenn Sie einen Defekt feststellen, machen Sie Fotos und wenden Sie sich an Ihren Händler.

Arbeiten Sie sicher. Tragen Sie immer Sicherheitsschuhe und Schutzbrillen und tragen Sie beim Sägen und Bohren Gehörschutz, Handschuhe und einen Mundschutz.

Die LED-Beleuchtung muss an eine geerdete Steckdose angeschlossen werden. Die Steckdose muss an einen Fehlerstromschutzschalter angeschlossen werden.

Bewahren Sie Batterien außerhalb der Reichweite von Kindern auf.

Achten Sie auf elektrische Geräte in Kombination mit Wasser.

Befestigen Sie die Stromkabel niemals mit Nägeln oder Klammern, wenn Sie sie in das Wandprofil einbauen.
