FLEET RANGE
BY REED FURNITURE

Get fresh

Fleet is the fresh new office furniture system from Reed Furniture, designed for today's agile flexible workspace.

Shared legs and sub-frames reduce the number of components, increase knee-well space and create clean contemporary lines. Fleet is all about simplicity, efficiency and easy collaboration with team mates.
Because the system is so simple it is surprisingly economical to create a fresh new look in your office, without breaking the bank. Even better the system can be easily installed and reconfigured by the users. No need for expensive trades or complex rewiring.

With a huge range of optional quick-fit accessories you can customise your workstation to the exact configuration you need today, or quickly and simply rejig to the configuration you need tomorrow.

ORDER PLANTER BOX

Bring the outdoors inside with some greenery to brighten the office environment. In Germany it is legislated that people need to be able to see plants in their workplace, while it is not the law here it's still a great idea. Humans need to feel connected to the natural world. Improve the outlook and mood in any indoor workplace.

Measurement: 900w x 520d x 220h

Product Code: FCOPB09W

FILE HANGING RAIL &
FILE DRAWER BOX
FOR TAMBOUR CUPBOARDS

These optional accessories bring order, efficiency and security to your hanging files. They put your important files under lock and key while providing central access to files in team working environments. Set for Australian and New Zealand standard Foolscap files.

Product Codes:
FILE HANGER: FCOTCAFH
900W DRAWER: FCOTCADR

SEACHANGE SCREENS
GREY & CHARCOAL

Our oceans are filled with plastic, most of it from single use packaging. Some of it you cannot see, it has degraded into microbeads, but it's still there, entering the marine food chain and causing havoc. It is estimated that in the Pacific, between California and Hawaii, there is a swirling ball of plastic and plastic microbeads roughly twice the size of Texas. It has been dubbed the Great Pacific Garbage Patch. Most of it is the wonder plastic of this century, PET.

PET is a marvel; durable, inert, recyclable and capable of being reused into a wide array of functional products, but if it is in the oceans it is in the wrong place. Put it back in the right place...in your office environment. Our 100% PET screens are made of fully recycled PET which has been remelted, turned into a spun microfilament and then pressed and moulded into elegant functional floor mounted screens. Seachange screens come in modules which can be joined together in straights and curves with plantation grown timber joiners. They provide non-structural acoustic and visual barriers and can be quickly moved to allow a quick change of office space, suited to today's dynamic work environment.

Screen codes & dimension are:

CLEANSCREENS
LIME & GREY

Drink bottles, billions of drink bottles, choking up landfill and polluting the oceans with microplastic shards. Well here is a sweet and simple application that helps you and helps the environment. We take PET drink bottles melt them down, spin them into microfilaments and then compress those filaments under pressure and heat to make rigid desktop office screens. They are frameless, rigid, pinnable and have excellent acoustic properties. They provide a non-structural visual and acoustic barrier. A range of colours available: (Lime and Grey ex stock). 100% recycled and 100% recyclable.
Screen codes & dimension are:

CLAMPS FOR CLEANSCREENS
To mount our Cleanscreens we offer compact desk- mounted clamps. Easy to fit and easy to adjust to securely hold your Cleanscreen in place but allow for quick and easy moving if you need to change your workspace layout. Available in white.

Product Code: FDPETCLAWH

GOLF SCREEN CLAMP
Fore! Sure it looks like a tiny golf club, but it's unlikely to improve your game. However it is highly likely to improve your working space. The clamp mounts to the front edge of your desk to mount a screen to provide a noise barrier between you and your workmates in a shared desking set-up. It helps define your space and provides a pinnable vertical surface. Removeable/ relocatable.

Product Code: AWMGCLAWH

OPTIONAL TOOL RAIL FOR FLEET DESKS

If space is tight don't extend, go up. Get things off your desktop and onto the Fleet Tool Rail. Each tool rail comes with a fixed line and / or mobile phone tray, paper trays and utility cup. Double sided for use on one or both desktops on a 2 or 4 person Fleet desk configuration.

Measurment:

1399w x 435d x 220h

Product Code: FIFTB1400W

CABLE BASKET
900MM & 1200MM

Constructed from a heavy duty powdercoated wire, the cable basket simply attaches under the desk top. Drops down to allow easy lay-in cabling. Prevents trips, catches, unplugging and an unsightly tangle of wires.
Product Code:
900W: AWMCBO9GY
1200W: AWMCB12GY

CABLE ORGANIZER
PE MATERIAL, 1500MM

The cable zipper is the best way to keep those annoying cables tidy. Easy to use applicator, insert your cable and zip them up to a nice tight bundle.

Product Code: AEOMCBZ1500S

SLINKY CABLE SPINE

Tame the cable jungle. The Cable spine keeps all the cables coming from the floor up to the desk surface under control.
Prevents tripping over messy cables and brings a neat and organised look to your workstation. Easy to use, simply feed cables through. Spring like expansion from 150mm to 1300mm.
Product Code: AEOMCBSLINKY
