# NEISHA CROSLAND

Schumacher is thrilled to reintroduce **Neisha Crosland Wallcoverings**, an iconic portfolio of stunning wallpapers created by the celebrated British pattern designer who is renowned for her elegant geometries, stylized botanicals and unique color combinations. Inspired by an extraordinarily diverse range of sources, Crosland's wallpaper designs are firmly rooted in the familiar—from organic natural forms to dynamic Art Deco motifs—yet always imagined with a sophisticated, modern eye.

Photography by Jan Baldwin.
