Charlap Hyman & Herrero with Pilar Almon

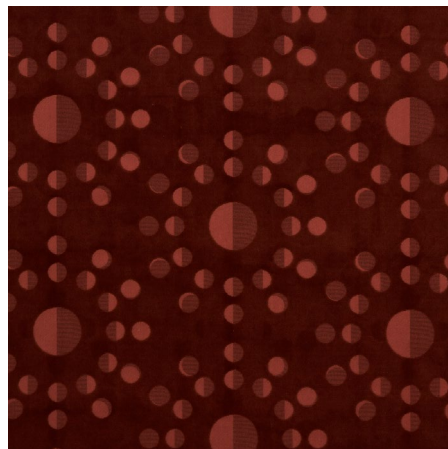

Charlap Hyman & Herrero is a New York-based architectural firm whose principals, **Adam Charlap Hyman** and **Andre Herrero**, have created award-winning furniture, residential, retail and set designs, in addition to their successful collaborations with Schumacher and Patterson Flynn.

We are thrilled to partner with the pair and Adam Charlap Hyman's mother, artist **Pilar Almon**, on **Solstice**, an enchanting group of textiles and wallpapers inspired by celestial bodies, astrological symbols and lunar events. Wonderfully imaginative and truly unique, this collection reflects the creators' cerebral approach and artistic sensibilities, as well as their usual wit and surrealist edge.
