DAVID KAIHOI

Blending a fierce downtown sensibility with a refined uptown taste for fabrics and wallcoverings, **David Kaihoi** creates singular designs that take any space to new heights. An artist to his core, Kaihoi believes authenticity is everything and draws much of his inspiration from the process of physically creating things: painting, sculpting, constructing, decorating, designing, daydreaming. The patterns in this collection range from soft and painterly to boldly graphic and move from Japan to Africa to the American Southwest. His influences are wide and varied, and the results are always unique.
