

## Description:

A 13mil strong and versatile super heavy weight 100% polyester fabric that can be used for many different applications. Roll-up banners, hanging fabric banners, trade show displays theater back drops and faux canvas. With a consistent rich weave pattern, this fabric has the look and feel of much more expensive fabrics. Graded super heavy weight fabric at 600 denier, it can be recycled, making it an eco-friendly printing solution.

## Specifications:

- Weight: 240gsm
- Basis Caliper: 13mil
- Opacity: 85%
- Gloss (@60°): 3
- Whiteness: 125
- Finish: Matte
- Ink Compatibility: Aqueous dye-pigmented / Latex / UV
- Laminate Compatibility: None Required

## Storage:

Store in a controlled environment, approximately 70°F (21°C) +/-10°F and 50% RH +/- 10%, free from dust and direct sunlight in original packaging until ready for use. Shelf life 12-15 months under these conditions. After printing return unused media to original polyester bag/packaging for storage.

## Printing:

When printing use a high resolution setting (720dpi or higher) to optimize print quality. As with all inkjet media, we recommend this product be calibrated for optimum quality during printing. Actual results will vary depending on proper ink limitation, printer and rip settings and color management used. Pigmented inks recommended for optimal light and water fastness and to avoid accelerated fading when used with dye-based inks.
