Westfield

Top Quality Concept

INNOVATIONS

Westfield

Top Quality Concept

Truly great products are born from deep-rooted experience fed by an innovative spirit. Camping is a hobby that our staff at Westfield share with many people.

Our passion for developing high-quality and functional products that withstand the various challenges camping can present is reflected in our ever-growing range of camping furniture and awnings.

To help you choose from our large selection of camping chairs, tables and accessories, we have divided our products into three series:

AVANTGARDE SERIES

The high-end "AVANTGARDE" series combines top design with the latest fabrics and metals, leveraging the most advanced manufacturing technologies. This series leaves nothing to be desired.

ELEGANCE SG NEW	8	OBLIGE & BREEZE	14
DYNAMIC + TOP SG NEW	9	DYNAMIC + TOP	15
NOBLESSE	10	ELEGANCE NEW	16
NOBLESSE GRANDE NEW	11	UNIVERSAL LIFESTYLE	17
SUPERIOR	13	UNIVERSAL	18

PERFORMANCE SERIES

The “**PERFORMANCE**” series offers a balanced triad of stability, durability and comfort. Several of its chairs and tables feature detail solutions and materials that come as a standard with our Avantgarde models.

ADVANCER LIFESTYLE	22	AERONAUT	30
ROYAL LIFESTYLE	23	AIDA	31
ADVANCER ERGOFIT	24	AMBASSADOR 1/2	32
ROYAL ERGOFIT	25	FOCUS & STOOL XL	33

REGINA & FOCUS	49	GRACE & EMMA	
		ACCESSORIES	52

ErgoShell®

ERGONOMICAL

Equipped with ErgoShell technology, the ergonomically shaped backrest moulds to the curvature of your spine, offering optimal support and comfort.

DURALITE®

LIGHT METAL

The Westfield TQC frames are made from a patented light metal alloy.

A close-up, black and white photograph showing a stream of water falling through a dark, textured fabric. The water is captured mid-fall, creating a series of droplets and splashes. The fabric appears to be part of a larger structure, possibly a tent or a canopy, with some structural elements visible in the background.

DURADORE® 3D

WATER-PERMEABLE

The "Aquarinse Technology" ensures that any rain simply passes through the fabric so it dries in no time.

A close-up, black and white photograph of a dark, textured fabric with a prominent mesh pattern. The fabric is shown in a way that highlights its flexibility and the intricate weave of the mesh. The lighting creates a sense of depth and texture, emphasizing the breathability of the material.

DURADORE® 3D

BREATHABLE

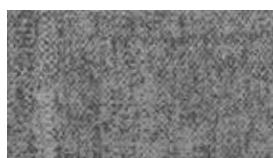

The unique weave of the **DURADORE® 3D** mesh creates a very breathable and airy fabric.

MODERN MINIMALIST

Our camping furniture in the Avantgarde series boasts several product details that are unique in the camping world. Solutions and materials which are so innovative that we have a patent on many of them. This includes chairs and tables that feature materials such as DuraLite®, an alloy that is extremely light and amazingly strong. All of these developments represent great stability and superior outdoor properties. Those who opt for a camping chair or table from this high-end series will enjoy modern design, high comfort and exceptional durability.

OVERVIEW OF MATERIALS

SG

Silverline(SL)

Bordeaux(BD)

Charcoal Grey(CG)

Metal armrest
adjustment

1 Lumbar Senso Support

The newly designed LSS backrest with improved headrest padding provides total relaxation in both upright and reclined position.

2 DuraProtect® armrest with metal slide

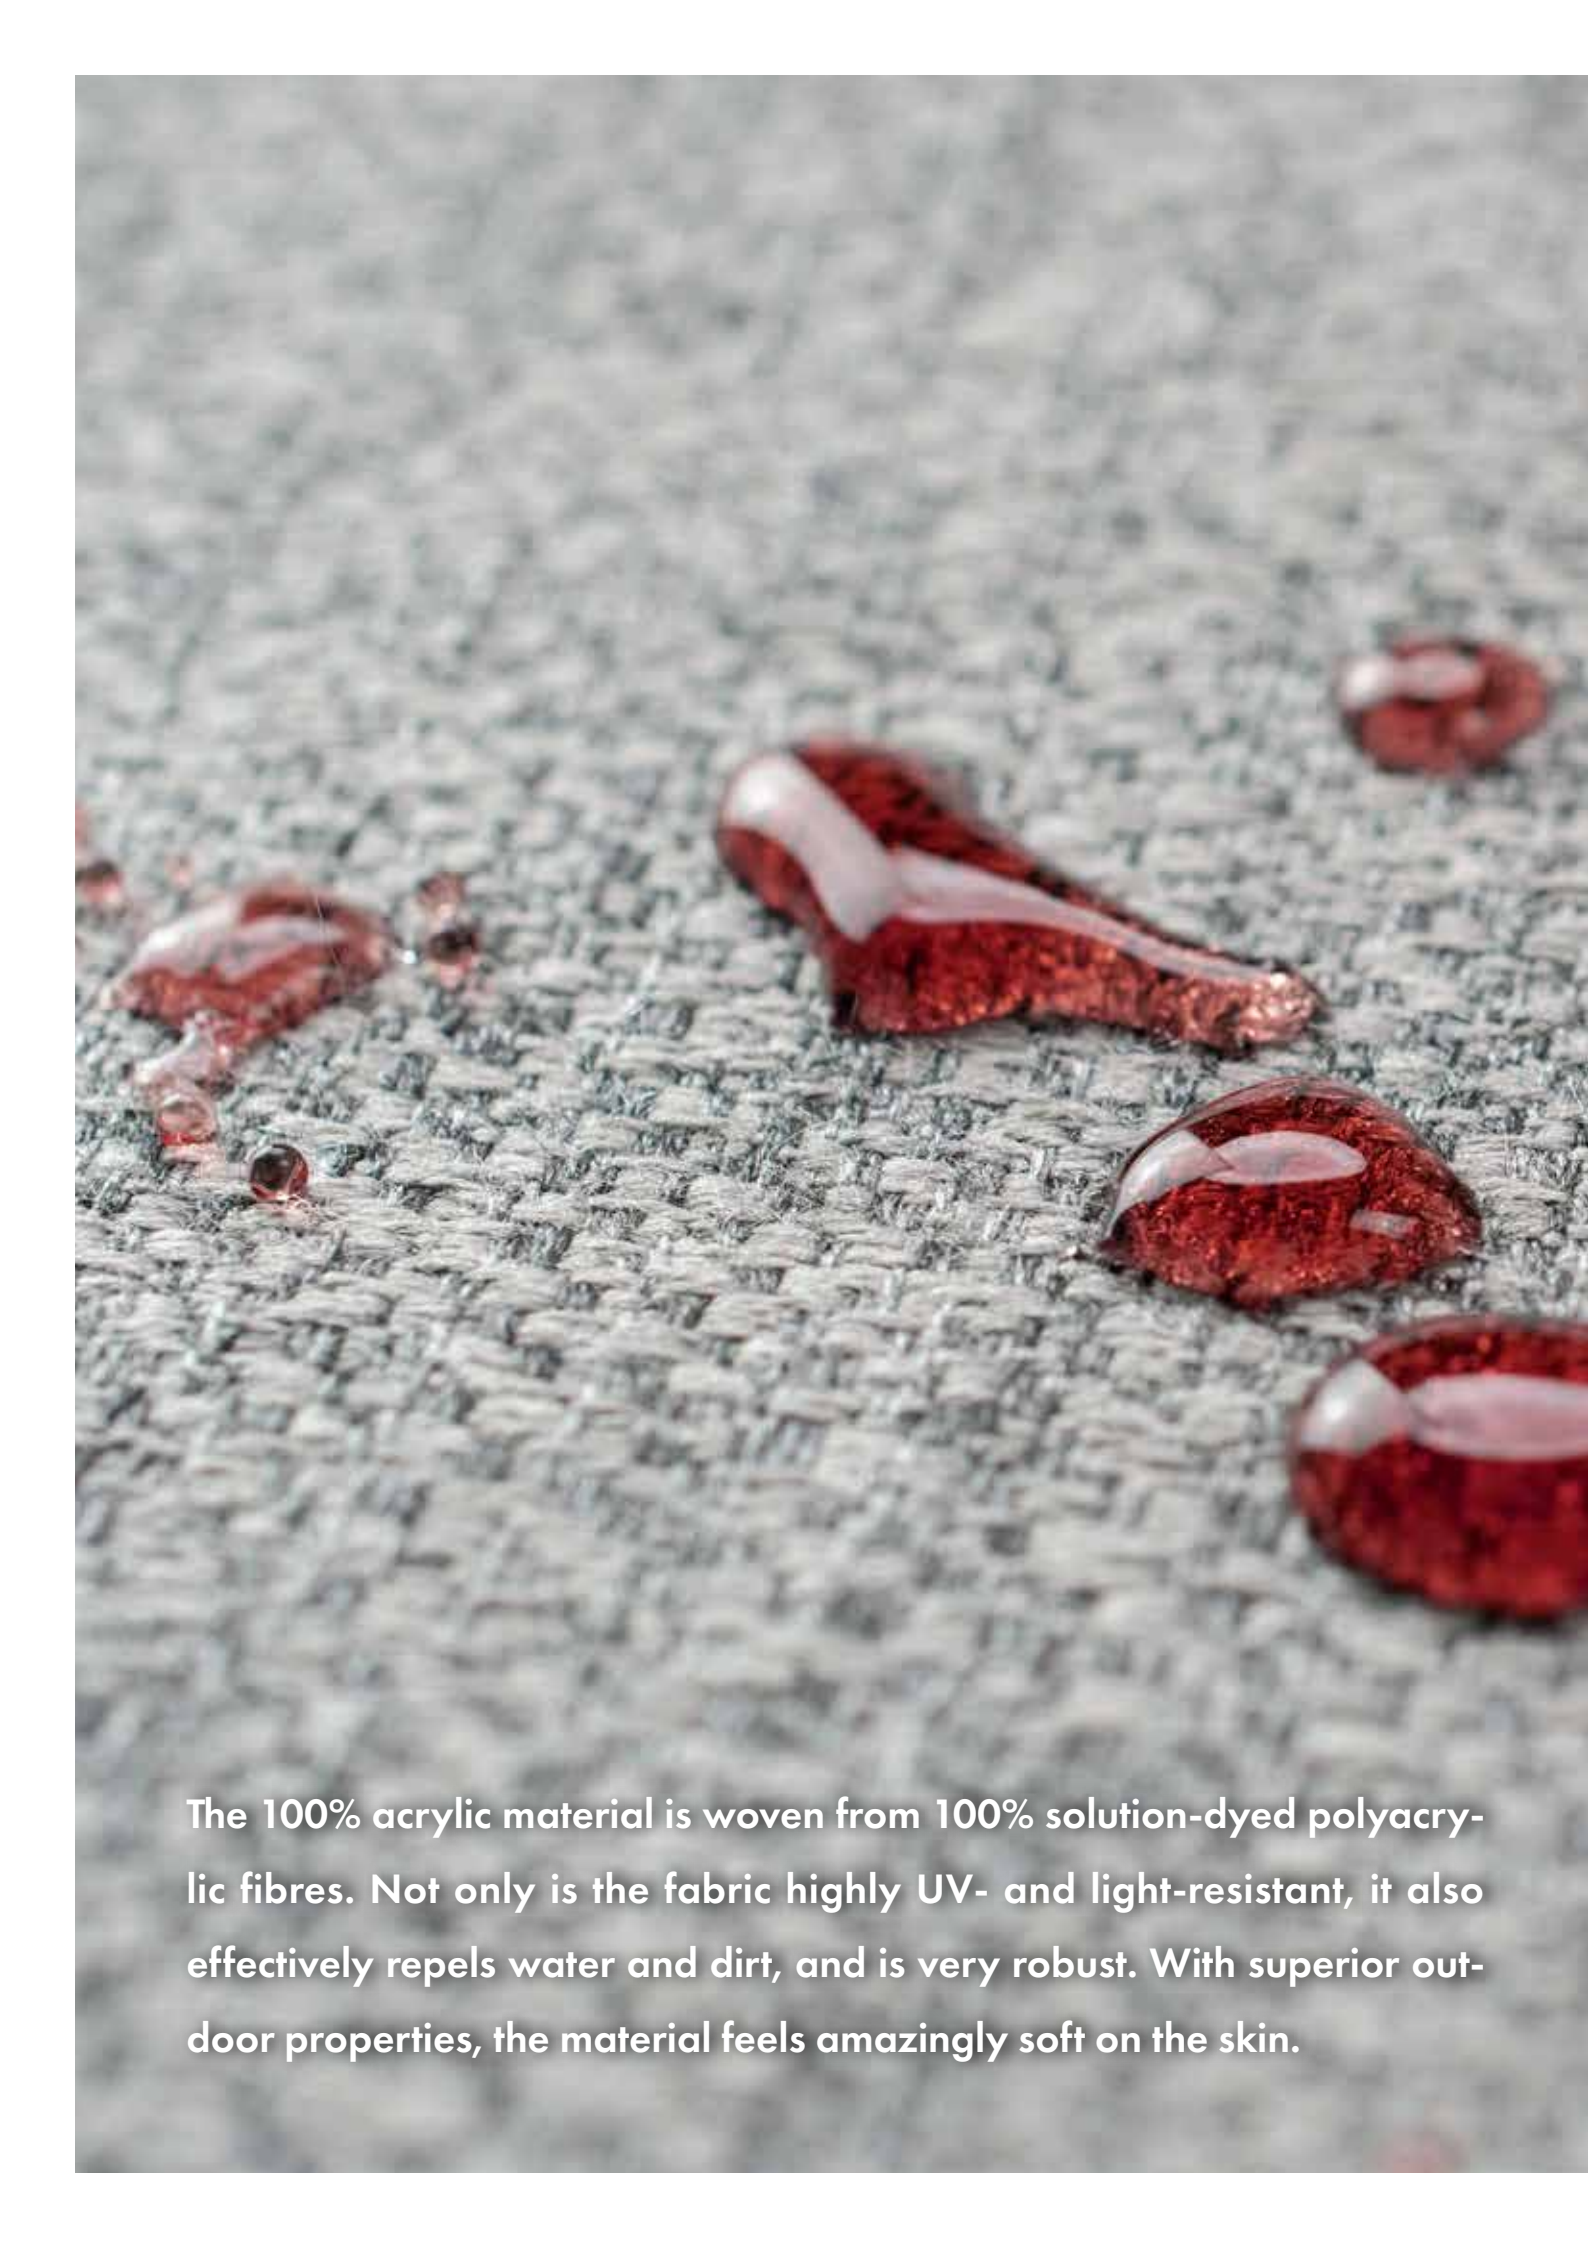

The metal slide ensures smooth action for years to come. It is very easy to adjust and extremely sturdy.

3 Light metal hinges

The hinges are made of a light metal structure that provides for a smooth, easy-to-fold design and maximum stability.

4 DuraLite® SpaceBox frame

The new L-shaped structure offers the best possible function for a compact folding frame size. The frame is ultra-light and incredibly strong.

The 100% acrylic material is woven from 100% solution-dyed polyacrylic fibres. Not only is the fabric highly UV- and light-resistant, it also effectively repels water and dirt, and is very robust. With superior outdoor properties, the material feels amazingly soft on the skin.

Water- and dirt-repellent

UV- and light-resistant

Cashmere feel

Breathable

ELEGANCE

The **ELEGANCE** chair deliberately stands apart from other high-end camping chairs. Its form-fit seat attaches seamlessly to the frame, while the specially developed acrylic fibre material of this high-back chair offers the right combination of outstanding breathability, a super soft cashmere feel, and good weather resistance. A water- and dirt-repellent finish means that the fabric is very easy to clean. State-of-the-art materials and functionality, paired with a minimalist design make this a hard-wearing chair that looks fantastic in front of any recreational vehicle.

Our Performance series is the broadest range of camping furniture Westfield TQC has to offer. This is where campers will find a large selection of chairs with matching accessories, clever camping table solutions, camping loungers, and innovative steps that make access to the caravan or motorhome a little easier. The Performance series is the perfect range for all who seek the best balance of strong design, durability and comfort.

COMFORTABLE STRONG

OVERVIEW OF MATERIALS

1 Lumbar Senso Support

The newly designed LSS backrest with improved headrest padding provides total relaxation in both upright and reclined position.

2 Five-step metal armrest adjustment

Metal slides ensure smooth action for years to come. They are very easy to adjust and extremely sturdy.

3 Aluminium hinges

The hinges of the folding chairs are made of aluminium, making the chairs very easy to fold and unfold, while providing superior strength and stability.

4 DuraLite® Frame

The **DuraLite®** frame with 30% thicker walls makes the **PERFORMANCE** chairs almost indestructible.

ADVANCER LIFESTYLE

Our popular **ADVANCER** chair is now also available in Lifestyle design! Its super soft fabric is made of innovative polyacrylic fibre that is the bedrock of what makes the Lifestyle collection so special.

The weatherproof material is exceptionally breathable, with a very pleasant feel, boasts water- and dirt-repellent properties and is easy to clean. This is a camping chair that sits beautifully in many different settings.

Our selection of PERFORMANCE tables is designed to set new standards! The tables feature a lightweight hard aluminium frame that provides a sturdy foundation.

All four legs are height-adjustable with quick-release fasteners and carpet-friendly foot plates.

The tabletops are made exclusively from 100% weatherproof quality products.

AIRCOLITE LUXURY

The Luxury tables are the first tables with a mass-produced, cohesive tabletop made of 100% aluminium. Its inner honeycomb structure, top and underside, and full edge banding are integrally bonded and are all made of the same weatherproof material, aluminium. To protect the paintwork from fading due to UV radiation, the tabletop has an extra protective coating.

The patented FastFix system provides you with a unique set-up experience. Designed for effortless height adjustment, it lets you adjust the legs to any desired height between 63 cm and 74 cm with just one hand, to ensure optimum stability even on sloping, uneven ground.

AIRCOLITE LUXURY 115

SUPERB

The **SUPERB** is a very stable camping table with a premium tabletop in impressive quality. For extra durability, the robust tabletop is moulded in plastic.

Quick-release fasteners let you conveniently adjust the four legs to any desired height. Adjustments between 63 cm and 74 cm ensure optimum stability on uneven ground and allow heights to suit any user.

The **SUPERB** offers a winning combination of quality, functionality and durability.

COMFORTABLY LIGHT

Every product of our BE SMART SERIES is crafted with superior comfort, sound quality and the best value for money in mind. This series includes exceptionally light and space-saving camping furniture, making it the ideal choice for motorhome and caravan owners with limited space and payload capacity who are looking for compact furniture. The Be Smart series combines light weight, flexibility and comfort with the brand's customary high product quality.

OVERVIEW OF MATERIALS

- ① NyloGore® armrest**
Made of fibre-reinforced nylon,
heat- and break-resistant

- ② NyloGore® joint**
Made of fibre-reinforced nylon,
virtually break-resistant

MAJESTIC GRANDE

With an optimised seat height of 50 cm, our **MAJESTIC GRANDE** is the more comfortable choice for people taller than 1.75 m. Upholstered with **DuraDore® 2D** soft-touch fabric for added comfort, the **MAJESTIC GRANDE** features a reinforced, powder-coated aluminium frame. Due to the special design of the aluminium profile, the chair packs to an optimal size of no more than 116 x 67 x 12 cm.

ZENITH

Wherever soft ground makes it difficult to use a four-legged chair, a model with a tubular frame offers clear advantages. As a lightweight, the **ZENITH** is the ideal companion for those who do not want to sacrifice comfort in places such as the beach. The **ZENITH** is the lightest and most flat-folding version of our aluminium high-back chairs.
