ORGANIC PROFESSIONAL HAIR CARE

COLORE VEGETALE

# COLORE VEGETALE

PLANT-BASED COLOUR 100% Natural

VEGAN CHEMICAL-FREE BIODEGRADABLE

**FLOWERS AND COLOURS**

BETWEEN PAST AND PRESENT

**THIS IS THE FUTURE**

MADE IN IRELAND

Each treatment is selected, dosed and processed by hand in real time, thus achieving the compound that best suits the needs of your customers.

**COLORE VEGETALE** is a strictly manual method, from the preparation of the compounds to their application; This allows the beneficial properties of the natural ingredients used to be maintained unaltered.

All our recipes are organic, chemical-free, 100% vegetable and biodegradable, they respect the environment and do not produce water pollution whatsoever.

Our colours are 100% natural, dermatologically tested and vegan. Also nickel, chromium, lead and cadmium tested.

## ...HEALTH!

### PLANT-BASED COLOURS

Formulated exclusively with pure dyeing plants and healing herbs, Conlemany Plant-based Color offers a superior alternative for coloring hair in a completely natural manner.

The color pigments in these powders are derived from leaves, bark, roots, and flowers of different plant varieties.

## A COLOR TO EMBRACE

Conlemany Colore Vegetale works its magic with the simple touch of warm water, avoiding penetration into the hair structure. Instead, it deposits natural pigments externally, enriching and fortifying the entire hair shaft.

Expect a result that is unfailingly an original, vibrant, and luminous color with rich nuances. Simultaneously, your hair will feel stronger, fuller, and exude a healthier radiance.
