THANK YOU!

Thank you for choosing the Melissa & Doug Snacks & Sweets Cart! It's a terrific way to help nourish a child's creativity and imagination, and to inspire delicious pretend play for years to come.

NOW IT'S TIME TO PUT IT TOGETHER!

Don't worry, assembling your new cart is simple, and we're here to help. It may go a little faster with a partner to lend a hand, but we've made it so one person can assemble the cart. Here are a few tips before you begin:

- · Read through all the instructions first.
- Clear a flat, covered space (carpeted is best) to lay out all the materials so everything is close at hand.
- You will need a Phillips head screwdriver (not included) to assemble the cart.
- The instructions include lots of helpful pictures—we show you, step-by-step, exactly how to align pieces
 and parts for speedy and accurate assembly. Note that hardware needed for each step is shown in the
 upper right corner of the page, each piece being added in a given step is highlighted in gray, and the
 "assembled view" (what it looks like when the step is completed) is included in the lower right corner of
 every page.
- In the instructions, the name of a part is followed by a number or a letter in parentheses. This number or letter corresponds to the sticker on the part, as well as the picture of the part shown on pages 2-3.
- · Helpful hints are highlighted with a large exclamation point.

• If you have any questions, we're here for you! Give our customer care team a call at 1-800-284-3948!

WARNINGS!

Retain these instructions for future reference.

Warning: Prevent Tip Overs!

- Do not allow children to pull, climb, sit, or stand on any part of the cart.
- · Never place computers, televisions, or other heavy objects on top of the cart.
- The cart must be placed on a hard, flat, and level surface.
- · For more information on how to prevent furniture tip overs in your home, visit Anchorlt.gov.
- The cart must be assembled as instructed.

MAINTENANCE:

Ensure the cart continues to function properly and safely by regularly checking the hardware and tightening when necessary.

STEP 14 - Well Done-Now It's Time for Fun!

Slide drawers into cart.

YOU DID IT!

Now the real fun begins—it's time to stock, order, create, and serve up delicious pretend play snacks and sweets! Roll up the food cart and instantly transform any play space into an imaginary stadium, park, city street, playground, or ball field! Here are some of the special features of the Snacks & Sweets Food Cart:

- REVERSIBLE AWNING: Choose what wares to sell! Roll the awning along the awning wires to flip the sign:
 Display one side and the cart is an ice cream stand; with the other, it becomes a hot dog stand with all the
 fixings!
- REVERSIBLE MENU CARD: Match the menu to the awning to let customers know what's for sale today. Menu
 material lets little vendors fill in the prices for all the sweets and treats options with pencil and then erase to
 reuse. Colorful pictures of the items help pre-readers know which items to set up in the cart and how they can
 be mixed and matched. Card slides easily in and out of the front of the cart.
- EXTRA-LARGE DIVIDED DRAWERS: Two large wooden drawers, divided into six compartments each, make it easy to stay organized and provide plenty of storage and display space for the toy snacks included with the cart. When using as an ice cream cart, store the sweets in the top drawer and the snacks in the bottom. Switch when using the cart as a hot dog stand so the correct items are in easy reach!
- PLAY FOOD PIECES: The set includes more than 40 wooden "hot" and "cold" treats to sell from the cart! Perfect for a hot summer day, there are deliciously decorated ice cream cones and pops, Italian ice cups, mix and match ice cream sandwiches, and ice pops. Hankering for something hot? Order up hot dogs and pretzels the way you like them—plain, with the works, and everything in between, including ketchup and mustard that really "squirt," and favorite toppings like chili, sauerkraut, onions, and relish. Quench thirsty imaginations with five varieties of seltzer (with removable tops!).
- SLIDING SEE-THROUGH DOORS: Sturdy clear plastic double-doors give customers a clear view of what's
 available, and give vendors easy access by allowing them to reach in through the top of the cart to grab what's in the
 top drawer.
- WORKING BELL: Ding-ding! Ring the metal bell with wooden clapper to get the vendor's attention, or let customers know when an order is ready for pick-up.
- STURDY WOODEN WHEELS & HANDLES: Lift the handles and roll the cart wherever there are hungry
 customers! The cart is sturdy enough to hold up to years of imaginative play, and yet light enough for kids to
 maneuver.
