

HALLOWEEN PUMPKIN CARVING STENCILS

DIRECTIONS:

- 1 Cut out the top of the pumpkin around the stem. Scoop out the insides.
- 2 Print out the stencils.
- 3 Use scissors to create a fringe on the edges of the paper.
- 4 Flatten onto the surface of the pumpkin and tape down the edges.
- 5 Use a needle to punch holes into the pumpkin, following along the outlines of the stencil.
- 6 Remove the tape and stencil from the pumpkin.
- 7 If the punched holes are difficult to see on the pumpkin, brush a little flour over the surface, then wipe remaining flour off.
- 8 Carve out the shapes, starting at the center and moving outward.
- 9 Once finished, place a light or candle inside for a spooky sight!
