

TERM 2 : WEEK 3

Science Lessons

LESSON 1

Review:

Review the previous lesson. Ask your child what they remember about that lesson.

Lesson Setup:

This week, we will make our own pond net and find out about various insects that live in ponds.

New Words:

bind – To fasten something tightly.

Reading 1:

Read-aloud the first paragraph of 'Lesson II: The Dragon-fly and his companions' from *By Pond and River*.

Activity:

Follow the instructions in the lesson to make your own pond net or purchase one ready-made.

LESSON 2

Lesson Setup:

We learn about the beetles and may-flies in the pond today.

New Words:

gauze – Thin and translucent.

Reading & Narration 1:

Read-aloud the next two paragraphs of 'Lesson II: The Dragon-fly and his companions' on page 8 beginning "In one corner ...". Ask child for an oral narration.

Reading & Narration 2:

Read-aloud the next paragraph of 'Lesson II: The Dragon-fly and his companions'. Ask child for an oral narration.

LESSON 3

Review:

Review the previous lesson. Ask your child what they remember about that lesson.

Lesson Setup:

Today we learn about the dragonfly. Look together at the pictures on page 10 and 12. Ask child to describe the dragonfly.

New Words:

dredge – Scoop out mud, weeds and rubbish from the bottom of a pond or river.

Reading & Narration 1:

Read-aloud the next two paragraphs of 'Lesson II: The Dragon-fly and his companions' on page 10 beginning "All boys know ...". Ask child for an oral narration.

(continued on next page)

Between the Lines Science & Nature Study Year 1

	<p>Reading & Narration 2:  Read-aloud the next three paragraphs of 'Lesson II: The Dragon-fly and his companions'. Ask child for an oral narration.</p> <p>Reading & Narration 3:  Read-aloud the last two paragraphs of 'Lesson II: The Dragon-fly and his companions'. Ask child for an oral narration.</p> <p>Short Discussion: Ask open-ended questions to make sure your child can recall the main points of the whole chapter covered this week.
