

CONGRATULATIONS ON YOUR NEW SOFA!

INSTRUCTIONS OF USE

1. Mattresses are placed on top of each other. They are identical, so it doesn't matter which goes on top or bottom.
2. The two angled cushions are placed on each side on the top mattress. The cushions are identical.
3. The metal bars are inserted under the bottom mattress, as bookends. The two small bars are placed in the sides and the big bar in the back.
4. The sofa is folded out simply by lifting one mattress down besides the other. Next, the two mattresses can be connected with the velcro on the bottom of each mattress.

METAL BARS

The metal bars can slide out on certain smooth surfaces and therefore a sheet with double-sided adhesive is included. The small adhesive pieces are mounted on the upper curved side of the bars so that the small adhesive pad touches the underside of the mattress. In that way, the metal bars will stay in place. We do not cover damaged floors caused by furniture. It is therefore important to protect your furniture with felt or similar.

NORMAL WEAR AND TEAR

Wrinkles in the cover are a natural consequence of the use of your furniture. This can be remedied by washing/cleaning the fabric. Even the most color strong fabric will fade if exposed to sunlight daily. If the sofa is exposed to a lot of light, we can therefore recommend switching the cushions at regular intervals.

WASHING INSTRUCTIONS

You can zip off the fabric on both cushions and mattresses. This makes it possible to wash the fabric at a low temperature. It is recommended to wash at a maximum of 30° and with mild/extra gentle soap. To that, we recommend turning the fabric inside out when washing.

BORN IN DENMARK

OMHU is the product of a more than 30-year old friendship. We, Jonas and Frederik, have always been interested in furniture and interior design, which is why we, a few years ago, took the first steps, quit our 9 to 5-jobs and threw ourselves into the dream. It started with an old van and a lot of flea markets, but quickly developed into our small Instagram-based vintage shop, 'Kram & Klenodier', which came to life in 2018 ([instagram.com/kram_og_klenodier](https://www.instagram.com/kram_og_klenodier)).

During the spring of 2022, the idea for the TEDDY sofa was born, based on our experiences and impressions from various vintage furniture, we have had the pleasure to trade through 'Kram & Klenodier'. Today, OMHU therefore embraces both TEDDY and Kram & Klenodier – and there is more in the making ...

['Am,hu'] – WHAT'S UP WITH THE BRAND NAME?!

'Omhu' is an old Danish word which translates to acting attentively, conscientiously and with care – OMHU is who we are, what we do and how we do it!
