

AURA-R™

RECHARGEABLE FLASHLIGHT

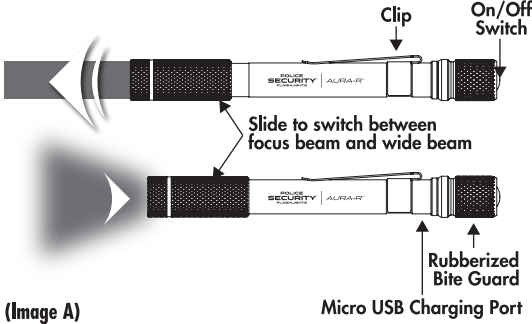

USER MANUAL

IMPORTANT: Read this manual before using the Aura-R™ Rechargeable Flashlight. Failure to follow these instructions could result in damage to the flashlight, personal injury or property damage. Safely store this manual for future reference.

Rechargeable 360 Lumen LED Flashlight,
USB Charging Cable & 10850 (750mAh) Rechargeable Battery

Your Police Security® Aura-R™ rechargeable flashlight is perfect for every day use. It provides a powerful, portable light source for use around the home, office, or anywhere you need extra light.

(Image A)

Using the Aura-R™ Lighting Modes:

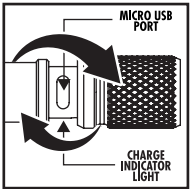

Press the On/Off switch to turn on the flashlight. Lightly press the On/Off switch to cycle through the mode sequence.

- Mode 1: High
- Mode 2: Low
- Mode 3: Flash

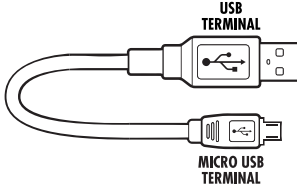

Using Slide Focus:

Push the flashlight head away from the body to reveal the spot light / focus beam.
Pull the flashlight head back to the body to reveal the flood light / wide beam (Image A).

Unscrew end cap to reveal the Micro USB Port

(Image B)

(Image C)

Charging the Aura-R™: Connect the Micro USB terminal to the Micro USB port (Image B) and the USB terminal to a standard USB power source to recharge the flashlight. The charge indicator light turns red while battery recharges. The charge indicator light will turn green when the battery is fully recharged. To ensure the battery is fully charged, charge your flashlight using a 5V/2A USB charging adapter and the included charging cable.

CHARGE TIME UP TO 3 HOURS

Small parts, adult supervision required.
Not Intended for children under 5 years

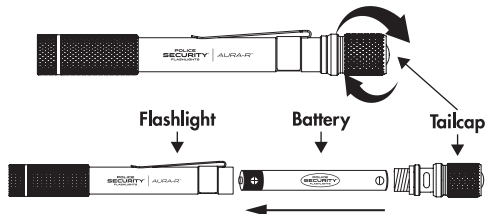

Note: Depending on the output of the socket used, the rate and length of charge may vary.

Police Security® cannot be held responsible for any damage or accident caused by using an alternative charging source other than the USB charging cable supplied with this product. Under optimum conditions and with a full charge, the Aura-R™ rechargeable flashlight can be used for up to 4 hours.

⚡ CHARGE FULLY BEFORE FIRST USE

Replacing the Rechargeable Battery: (Battery available at policesecurity.com)

- Unscrew the tail cap to remove battery.
- Install the rechargeable battery by inserting it with the + sign facing down into the Aura-R™ flashlight body.
- Screw the tail cap back into place to close.

Safety precautions:

- Use only AC USB charging adapters or an appropriate USB power outlet when charging the Aura-R™. Do not attempt to charge the Aura-R™ with an adapter that is not compatible as this could result in a fire, damage to the Aura-R™ or personal injury.
- If the USB cable comes into contact with water, place in a dry location at room temperature, on a soft absorbent towel and allow to dry thoroughly. Do not connect or operate the cable until it is completely free of moisture. Exposure to damp or wet conditions could cause electrocution or damage to the flashlight.
- Do not charge in combination with any extension cord, electrical generators, or step-up transformers.
- Do not charge in the vicinity of flammable liquids or materials. Always connect to power in a dry and suitable location.

Care and Maintenance:

- Store the Aura-R™ in a clean and dry area. The Aura-R™ may also be stored in a vehicle for use in roadside emergencies. If kept in a vehicle, it is recommended that battery be recharged periodically to ensure maximum performance in an emergency. Keep in secure and safe place inside vehicle to prevent damage to flashlight and battery.
- To clean the Aura-R™, wipe with a soft cloth dampened with a soap and water solution. Do not immerse or submerge any part of Aura-R™ in water or any other solvent. Never use solvents or cleaning agents containing petroleum (petrol, kerosene, oil), paint thinner, turpentine, alcohol, or ammonia. Harsh materials like these can damage surfaces.

- All repairs should only be carried out by qualified service personnel. Do not disassemble the Aura-R™, as there are no user serviceable parts inside. Opening or visible attempts to open or repair the Aura-R™ may cause damage to the product or personal injury. Under normal conditions, LED chips should not wear out and do not need to be replaced. Warranty is negated if Aura-R™ exterior casing is opened.

- Only use the rechargeable battery included with the product.
- Using other batteries could cause spark, short circuit or over-heating.
- Install the battery properly to prevent leaks or product damage.
- Never attempt to disassemble the battery. Liquid ejected from batteries may cause irritations or burns.
- Remove battery if light will not be used for an extended period of time.
- Fully charge the battery before use.
- Charge regularly for best battery life.
- Do not expose battery to fire or extreme heat.
- Never attempt to incinerate batteries as they may leak or explode.
- Under extreme conditions, liquid may be ejected from the battery.
- If liquid comes in contact with the skin or eyes, immediately flush the affected area with water and seek medical attention.

This product contains a Li-Ion battery formulated from environmentally sensitive materials. This product must be disposed of properly with due care for the environment. Please return this product to your local recycling center for proper disposal.

AURA-R™

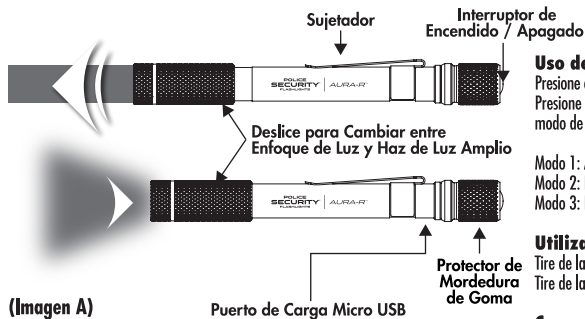

LINTERNA RECARGABLE

MANUAL DE USO

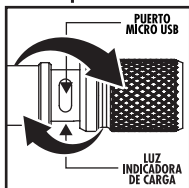

Linterna LED Recargable de 360 Lúmenes,
Cable USB para cargar & Batería recargable 10850 (750mAh)

Su linterna recargable Police Security® Aura-R™ es perfecta para el uso diario. Proporciona una fuente de luz potente y portátil para usar en el hogar, la oficina o en cualquier lugar donde necesite más luz.

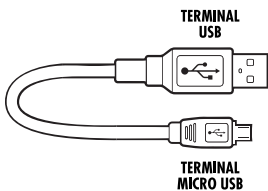

(Imagen A)

Desenrosque la tapa para revelar el puerto Micro USB

(Imagen B)

(Imagen C)

Uso de Modos de Iluminación de el Aura-R™:

Presione el interruptor de encendido / apagado para encender la linterna. Presione ligeramente el interruptor de encendido / apagado para cambiar de modo de forma secuencial.

Modo 1: Alto
Modo 2: Bajo
Modo 3: Estobo

Utilizando el Enfoque Deslizante:

Tire de la cabeza de la linterna lejos del cuerpo para luz puntual. Tire de la cabeza de la linterna hacia atrás para luz abierta. (Imagen A).

Cargando el Aura-R™: Conecte el terminal Micro USB al puerto Micro USB (Imagen B) y el terminal USB a una fuente de energía USB estándar para recargar la linterna. La luz del indicador de carga se torna roja mientras la batería se recarga. La luz indicadora de carga se encenderá en verde cuando la batería esté completamente recargada. Para asegurarse de que la batería esté completamente cargada, cargue su linterna con un adaptador de carga USB de 5V/2A y el cable de carga incluido.

EL TIEMPO DE CARGA ES DE HASTA 3 HORAS

ADVERTENCIA
PELIGRO DE ASFIXIA

Piezas pequeñas, se requiere supervisión de un adulto.
No destinado a niños menores de 5 años.

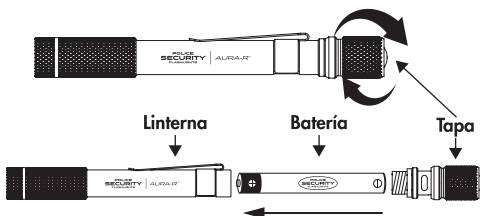

Nota: La velocidad y la duración de la carga pueden variar, dependiendo de la toma de corriente utilizada.

Police Security™ no se hace responsable de ningún daño o accidente causado por el uso de una fuente de carga alternativa que no sea el cable de carga USB suministrado con este producto. En condiciones óptimas y con una carga completa, la linterna Aura-R™ puede ser usada normalmente hasta 4 horas.

CARGUE COMPLETAMENTE ANTES DEL PRIMER USO

Para Reemplazar la Batería Recargable: (Batería disponible en policesecurity.com)

- Desenrosque la tapa para remover la batería.
- Instale la batería recargable insertándola con el signo + hacia abajo en el cuerpo de la linterna Aura-R™.
- Coloque y atornille la tapa en su lugar para cerrar.

Precauciones de seguridad:

- Utilice únicamente adaptadores de carga USB o una toma de corriente USB adecuada al cargar el Aura-R™. No intente cargar el Aura-R™ con un adaptador que no sea compatible, ya que podría provocar un incendio, daño al Aura-R™ o lesiones a su persona.
- Si el cable USB entra en contacto con el agua, colóquelo en un lugar seco a temperatura ambiente, sobre una toalla absorbente y déjelo secar completamente. No conecte ni opere el cable hasta que esté completamente libre de humedad. La exposición a condiciones húmedas o mojadas podría causar electrocución o daño a la linterna.
- No cargue en combinación con ningún cable de extensión, generadores eléctricos o transformadores.
- No cargue cerca de líquidos o materiales inflamables. Siempre conecte en una ubicación seca y adecuada.

Cuidado y Mantenimiento:

- Guarde el Aura-R™ en un área limpia y seca. El Aura-R™ también puede almacenarse en un vehículo para su uso en emergencias. Si se guarda en un vehículo, se recomienda que la batería se vuelva a cargar periódicamente para garantizar el máximo rendimiento en caso de emergencia. Manténgase en un lugar seguro dentro del vehículo para evitar daños a la linterna y la batería.
- Para limpiar el Aura-R™, limpie con un paño suave y humedecido con una solución de agua y jabón. No sumerja ninguna parte de Aura-R™ en agua ni en ningún otro solvente. Nunca use solventes o agentes de limpieza que contengan petróleo (gasolina, queroseno, aceite), diluyente de pintura, aguarrás, alcohol o amoníaco. Materiales corrosivos como estos pueden dañar las superficies.

- Todas las reparaciones solo deben ser realizadas por personal de servicio calificado. No desarme el Aura-R™, ya que no hay piezas que el usuario pueda reparar. La apertura o los intentos visibles de abrir o reparar el Aura-R™ pueden causar daños al producto o lesiones personales. Bajo condiciones normales, los chips LED no necesitan ser reemplazados. La garantía será anulada si la linterna Aura-R™ es desarmada.

- Only use the rechargeable battery included with the product.
- Using other batteries could cause spark, short circuit or over-heating.
- Install the battery properly to prevent leaks or product damage.
- Never attempt to disassemble the battery. Liquid ejected from batteries may cause irritations or burns.
- Remove battery if light will not be used for an extended period of time.
- Fully charge the battery before use.
- Charge regularly for best battery life.
- Do not expose battery to fire or extreme heat.
- Never attempt to incinerate batteries as they may leak or explode.
- Under extreme conditions, liquid may be ejected from the battery.
- If liquid comes in contact with the skin or eyes, immediately flush the affected area with water and seek medical attention.
