

CHANGE YOUR GRIP || CHANGE YOUR GAME

NHL CLUB GRIPS

MATCHING PUTTER GRIPS & BALL MARKERS ALSO AVAILABLE

TAPER CONTROL TECH

MINIMIZE GRIP PRESSURE

Taper Control Technology is engineered to create a larger lower hand profile by reducing the taper to minimize grip pressure. Lighter grip pressure increases speed for greater distance and promotes a square face at impact maximizing swing efficiency.

TRAXION™ CONTROL

ENHANCED FEEDBACK ZONES

Precision engineered Traxion™ surface texture has strategic zones on the tacky polyurethane outer layer offering exceptional feedback for greater feel, control and playability.

TORSIONAL PERFORMANCE

EXCEPTIONAL PLAYABILITY

Advanced design features a tacky polyurethane outer layer with firm rubber inner layer that is engineered to maximize torsional performance for enhanced feedback and overall control.

INITIAL AVAILABILITY

League	Grip Size	Price	Weight
NHL	Standard	\$7.99	48g

Product Testers Wanted.
