**Make Life Easier**

**Ciarra is Care**

# About Ciarra

## Make Life Easier

---

Cooking can be a messy and stressful chore, which is why a lot of people don't like to spend time in the kitchen and lose their passion for cooking.

Ciarra sees it all and thinks ahead to deliver more pleasant cooking experiences for every member of the family. From the high-performance product lines to the user-friendly designs; Ciarra always has solution for you. Ciarra is a professional kitchen appliance brand and we believe cooking at home should be convenient and enjoyable. Our easy-to-use induction cooktop and oven will give you total control over the temperature of your food so overcooking or undercooking is no longer a problem. Our range hood is so effective that when you have a party where you fry, cook, roast, none of the odors linger around your guests, just the great food and fun memories.

With Ciarra, you can be a part-time chef for your family and friends; Ciarra promotes a healthy and sustainable lifestyle that can bring delight to every detail of the cooking experience. Whatever you need in the kitchen, big or small, Ciarra provides you with a better selection.

Ciarra cares, Ciarra delivers superior appliances in innovative ways.

# Slide-In Ranges

---

## Optimal Temperature for Exceptional Taste

The core temperature of each dish in a Ciarra oven, is precisely monitored with our Food Sensor technology. Once the sensor detects that the desired temperature has been reached, it automatically turns the oven off. Ensuring that food is cooked to its absolute best.

## Perfectly Bake Even The Largest Batches

The XL Baking Tray is larger than standard-sized baking trays, enabling you to turn out larger batches of sweet treats or yummy food.

## Quick-To-Clean, Induction / Ceramic Cooktop

The cooktop is designed for a wild range of pots and pans, that is up to all tasks, and the durable glass surface can be cleaned in an instant.

# Rediscover the joy of cooking at home.

We streamline your kitchen experience,  
allowing you to focus on the things in life that truly matter.

# Induction Cooktop

Ciarra induction cooktops cook food through electromagnetic induction heating, so there is no heat loss between the cooking surface and the pot. This makes it extremely energy-efficient and makes cooking easier and faster.

The built-in induction cooktops are hidden under the countertop and have a sleek and seamless look because they are installed at the same level as the kitchen countertop.

Built-in induction cooktops are ideal for small kitchens, as they save on space and make your kitchen tidier. Ciarra built-in induction cooktops come with exciting features, such as multiple cooking zones, timer function, and multiple protection functions, providing a flexible and enjoyable cooking experience.

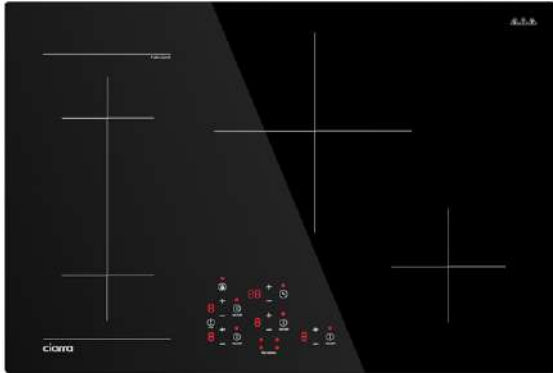

Rediscover the joy  
of cooking at home.

We streamline your kitchen experience,  
allowing you to focus on the things in life that truly matter.

# Smart Range Hoods

Smart hoods are some of the finest range hoods because of their outstanding features. They are easy to clean, scratch resistant, and fingerprint resistant, so you don't have to worry about minor stains. These range hoods are not only visually appealing but also very intelligent. When smart range hoods are paired with the Ciarra Smart Life App and Voice Control, it creates an easy and efficient, user-friendly experience.

## Voice Control & Smart Life App Instructions

Download and install the ALEXA or Google Home App

1. An Android or IOS device is required for you to download and use the App.
2. Search and download "ALEXA / Google Home / Smart Life" on the Apple Store or Google Play.
3. Pair your device following the steps shown in instruction manual.

CAB75206P

CAS75308

CAS75302

CAS52913E

## Why do you need carbon filters?

- The carbon filters are designed to absorb smells from cooking before re-circulating the air back into your kitchen.
- The carbon filters are not designed to absorb copious amounts of water or steam; they are designed to clean the air of impurities such as smoke and odors.

To ensure the best performance of your range hood, you should replace the carbon filter every 2 to 4 months, depending on frequency of use.

**We eliminate your  
kitchen frustrations.**

We streamline your kitchen experience,  
allowing you to focus on the things in life that truly matter.

We are working to build a transparent and environmentally responsible supply chain to truly become a sustainable & ethical brand.

We recently upgraded to FSC-certified packaging. Now 80% of our packages are biodegradable or can be recycled.

We are working towards 100% recyclable packaging materials.

In 2022, Ciarra reduced packaging materials by 25%, ultimately saving the equivalent of 10,000 trees. We are reducing our waste, and extending the product's longevity from the inside out, let's keep this GREEN Mission sustainable.
