## USER GUIDE

Product Name: ROBO SHEET URETHANE

**Product Name: ROBO SHEET URETHANE**

Please read this User Guide before using the product to avoid accidents and damages. Keep the guide easily accessible for future reference.

**Precaution for Use**

1. Be sure to check whether it is suitable for the conditions of use before using the product.
2. Before using the product, be sure to read the instruction manual of the equipment to be attached.
3. The equipment must be turned off before installing the product.
4. Before using the product, be sure to remove oils and dusts on the surface of the equipment.
5. In order to maximizing the adhesive strength, be sure to wait for at least 15 minutes before operating the equipment. A running-in operation after installing the product is recommended.
6. Visible wrinkles and stains may be appeared, but they do not interfere with the quality of the product.
7. Be careful not to damage the product with a blade or sharp object.
8. Avoid the product contacting any hot object.
9. The durability of the product varies depending on the operating environment and conditions. Before using the product, please be sure to check under the actual conditions.
10. Replace the product if separation or cracking of the rubber, exposure of the fiber, or other deterioration of the product's surface is detected.
11. Inspect the product for scratches or damages before and after each use to protect the equipment and avoid the malfunction.

**Limited Warranty**

Towa Corporation warrants the product against defects in design and material at the time of its original purchase by a customer. TOWA Corporation will not bear any responsibility for direct or indirect losses caused by using the product.

\*Please note that the design and specifications are subject to change without prior notice.

**Care and Storage**

Use a zippered plastic bag and store in a cool and dark place to avoid high temperature and moisture.
