

WARNING

The maximum load of this chair is 150kg and up to 5kg for the side table. Personal injury and damage to this chair may result if the chair or the side table are subject to higher loads. Take care to avoid tipping this chair at all times. Do not use on uneven ground.

Instructions: To set-up the Gecko Chair place both hands on the seat and push down and outwards. To set-up the side table, first, unlock the safety lock swing out and pull up the vertical pole then lock into place. After, press and hold the button on the table to tilt the top. Use the table only in position **A** and **B** when not seated. Always unlock the safety lock before swinging the table.
