Description:

Our new Red-Belly HotSpot Chair is the toughest, lightest, most comfortable camping chair ever created. It can also be warmed or cooled as desired. Due to their heavy-duty magnesium alloy ultra-lite™ frame, this well-padded, extra-large chair can withstand weights of 200kg yet weighs only 3.7kg.

Incorporating Oztent's unique HotSpot pouches, campers can simply heat their chair on cold nights or keep their seat cool in the heat, without using power.
