Make your wine glasses & barware sparkle.

MSRP \$10

Founder, Erica Joyce, spent 15 years in corporate marketing prior to launching Wine Wash Co. in 2021

Our Story

Every good story starts with a glass of wine, right?! Well, I got tired of hand washing my wine glasses, especially when the pandemic hit and I was enjoying wine more at home (even now, like many, I'm doing more entertaining at home). Though my stemware was dishwasher safe, I was afraid it would tip over and break in the dishwasher. And a really nice glass of wine just tastes better in a glass with a stem (sorry stemless), so I took matters into my own hands.

Countless designs, prototypes and bottles of wine later, Wine Wash® was born. A simple gadget that lets you safely wash your wine glasses in the dishwasher. My hope is that it makes your life a little easier - less time hand washing, more time for the important stuff.

In addition to our flagship Wine Wash®, I've created some really fun cleaning accessories and gifts for the tidy wine lover. Let's make choring less boring!

Cheers! *Erica*

You can get tipsy, but now your wine glasses don't have to!

- WINE WASH®**
- Keeps your stemware secure in the dishwasher, preventing your wine glasses from tipping over and breaking
 - Four (4) pieces per box
 - Made of Food Safe, BPA Free silicone
 - Unique gift, pair with a bottle of wine
 - Saves times & safer than hand washing when used correctly
 - One box is comparable to the cost of a glass of wine. Plus, you're supporting a small, woman-owned business!
 - MSRP \$15
