

Guitar Hanger (Wall Mount)

JS-GHG25 item# 18008

Sometimes the simplest approach is all you need! Designed with a “no frills” approach in mind, the JS-GHG25 features an all-steel design with soft, black rubber padding. It will securely hold your electric, acoustic, or bass guitar on the wall of your home studio, bedroom, office, or rehearsal space. We’ve included mounting hardware and the yoke of the JS-GHG25 is intended to rotate slightly to accommodate non-symmetrical headstocks.

Wall mount hardware included

Yoke rotates to accommodate various headstock designs

Soft, black rubber padding
